VISTA/CARLSBAD/SAN MARCOS

Located near San Marcos Blvd and Palomar Airport Road, this property sits at the heart of North County San Diego's thriving economic and innovation corridor. **Strategically positioned near the borders of Vista, Carlsbad, and San Marcos, the area offers the unique advantage of accessibility to three major cities, each contributing distinct strengths in business, education, and lifestyle.**

This location is just minutes from the State Route 78 freeway, a key east-west connector known as the "Innovation Corridor." The 78 links a growing cluster of technology, manufacturing, and especially biotech companies that are fueling the region's reputation as a hub for life sciences and advanced industries. The corridor's development has attracted significant investment and talent, making it an ideal location for businesses and professionals looking to tap into a rich ecosystem of innovation.

Carlsbad, immediately adjacent to the property, is home to a dense concentration of biotech firms and research institutions, while San Marcos contributes with educational resources like California State University San Marcos, supporting workforce development in STEM fields. Vista itself is undergoing revitalization, with a growing number of business parks, breweries, and residential communities that enhance its appeal for both commercial and lifestyle purposes.

With its central location, strong infrastructure, and access to talent and transportation, this area is exceptionally well-suited for businesses looking to thrive in North County's expanding biotech and innovation economy.
