We're in the Golden Age of Mobile"

City leaders describe the number of these big-ticket projects as an "unprecedented" construction boom in Mobile, a grand total of nearly **\$9.4 billion!**

- **University of South Alabama's Medical School** – As construction of the University of South Alabama's new Frederick P. Whiddon College of Medicine building continues, the project has received its largest gift from an individual. Native Mobilian and local businessman Elliot B. Construction is scheduled to be completed by December 2026.

- **Airbus Final Assembly Plant** – Work is nearing completion on a \$150 million final assembly line at the Airbus plant. The airplane manufacturer has invested \$1 billion in Mobile over the last decade.
- **Army Corp of Engineering** – Is nearing completion on a \$38 million regional headquarters on the property of the Mobile Civic Center.
- **Army Corp of Engineering** - Construction is well under way on a \$38.3 million parking garage next to that building.
- **Civic Center** – Early work has begun to demolish the Civic Center and replace it with a \$300 million entertainment venue. Construction of the new entertainment center will begin in February 2025.
- **Amtrak** – A \$72 million federal grant will pay for railroad track upgrades and a new train platform to support the return of Amtrak sometime next year.
