Improvement Description:

The improvement consists of a two-story general office building that was constructed in 1980. It has a brick exterior with flat roof system and good quality finishes that was originally a medical office but converted to general office space. The building underwent significant renovations in 2011 and 2021 with updated flooring, lighting, ceiling tile, cosmetic improvements, technological features, safety features and HVAC. It also included some redesign of the building layout. The building was previously occupied by the State of West Virginia and a private counseling service. It could be adapted to general or medical office space.
