APPROVED 35 UNIT RESIDENTIAL REDEVELOPMENT

NEW ENGLAND MULTIFAMILY ADVISORY GROUP

 CUSHMAN & WAKEFIELD

EXECUTIVE SUMMARY

Cushman & Wakefield's New England Multifamily Advisory Group is pleased to present the opportunity to acquire **354 E Street**, a fully approved, residential redevelopment opportunity located in one of the most highly regarded residential submarkets in the Northeast - at the intersection of the Seaport District and South Boston.

The redevelopment calls for the conversion of the former Saint Vincent DePaul Church into 35 units of highly demanded housing, either via apartments or condominiums. The redeveloped building will span approximately 50,000 GSF +/- while maintaining the majority of the existing historical structure and architectural characteristics of the Italianate-style church building. The redevelopment, which was approved by the Boston Planning and Development Agency in June of 2022 will feature an attractive mix of thirty-five (35) 1-bed and two 2-bed units.

Upon completion, 354 E Street will offer future residents unparalleled access to a dynamic mix of amenities, retail and transit options scattered throughout South Boston and the Seaport. Furthermore, the project is poised to benefit greatly from several upcoming large scale developments in the immediate area. A significant pipeline of both life science and commercial development will bring thousands of new employees and millions of square feet of development to the already bustling submarket neighborhood.

Pricing & Process

354 E Street is available on an "as-is" basis and is being offered without a formal asking price. Upon receipt of a signed confidentiality agreement, qualified investors will be provided with the offering materials and access to additional due diligence information. Once investors have had an opportunity to review the offering materials and tour the property, Cushman & Wakefield will schedule a "Call for Offers".
