Warehouse In Downtown Los Angeles

2463 E 8th St is a 15,477 SF industrial warehouse situated on a 16,484 SF lot in the heart of Los Angeles' Central City East submarket, offering tenants a rare combination of scale, functionality, and flexibility. The property is delivered vacant and presents a true blank canvas, well-suited for industrial, showroom, creative, or light manufacturing users looking to customize the space with their own improvements.

The building features high ceilings, a largely open floor plan with widely spaced columns, and sufficient lighting throughout, providing efficient usability across a variety of operational layouts. Two dock-high loading positions allow for streamlined logistics, while multiple roll-up doors at the rear of the building provide access to a small secured outdoor area. An existing mezzanine level offers additional usable space, well-suited for office, storage, or creative buildout.

A unique feature of the property is its secured rooftop parking, accessed via a gated ramp, with capacity for approximately 30 vehicles—an uncommon amenity in the immediate area. The site is zoned [M] with overlay designations (tenant to verify), allowing for a range of industrial and potential creative uses.

Strategically located with immediate access to the 10 Freeway via the E 8th St on/off ramp, the property also offers convenient connectivity to the 101 and 5 freeways, as well as close proximity to the Alameda Corridor, making it ideal for users requiring efficient regional access.

Delivered vacant and ready for immediate occupancy, 2463 E 8th St offers scale, functionality, and flexibility in one of Los Angeles' most supply-constrained industrial submarkets.

Zoning Information

Industrial Mixed-Use (IX4-FA / MM1-CDF1-5 / CPIO)

The Industrial Mixed-Use District is intended to accommodate a wide range of commercial, light industrial, and creative uses within areas historically utilized for manufacturing, while promoting adaptive reuse and modern employment-generating activity. The zoning framework leverages the property's proximity to major transportation infrastructure and supports flexible tenant configurations.

Flexible Use Regulations

The IX4 District permits a diverse mix of warehouse, distribution, light manufacturing, office, and certain commercial uses by right or with limited approvals, allowing for a wide range of industrial and hybrid occupancies.

Performance Standards

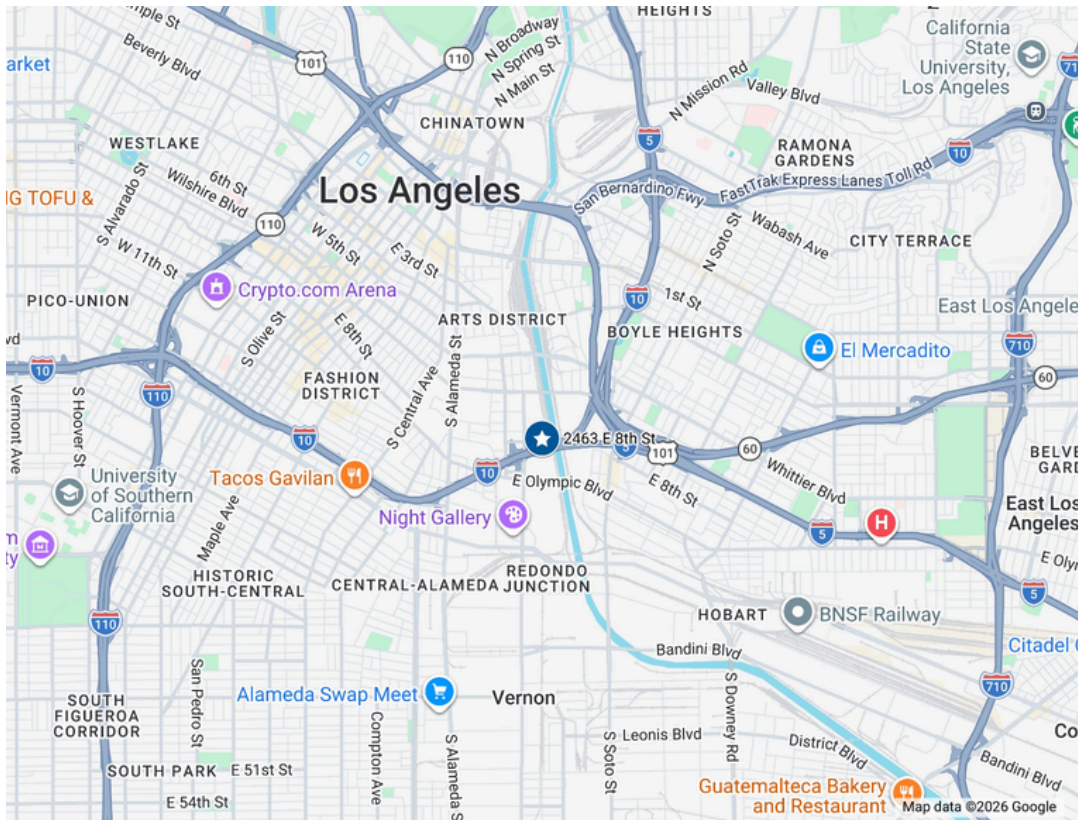

Uses are regulated by operational standards addressing noise, traffic, air quality, and other impacts to ensure compatibility with adjacent industrial and commercial uses and preserve the functionality of the surrounding area.

LOCATION MAP

LOCATION MAP

An aerial photograph of an industrial area in Los Angeles, featuring a multi-lane highway with traffic, several large industrial buildings, and numerous power line towers stretching into the distance. A bright lightning bolt is visible in the dark, overcast sky. The entire image is overlaid with a semi-transparent blue filter.
