THE OFFERING

Lee & Associates, as exclusive advisor, is pleased to present an exceptional opportunity to acquire 20036 19th Ave NE, located in the thriving neighborhood of Shoreline. Shoreline is currently experiencing a significant surge in development activity, with a robust pipeline of upcoming projects and rapid population growth due to the recent opening of the Shoreline Light Rail Station. Ideally situated to benefit from this rapid growth and investment, this property offers numerous strategic opportunities for the astute investor.

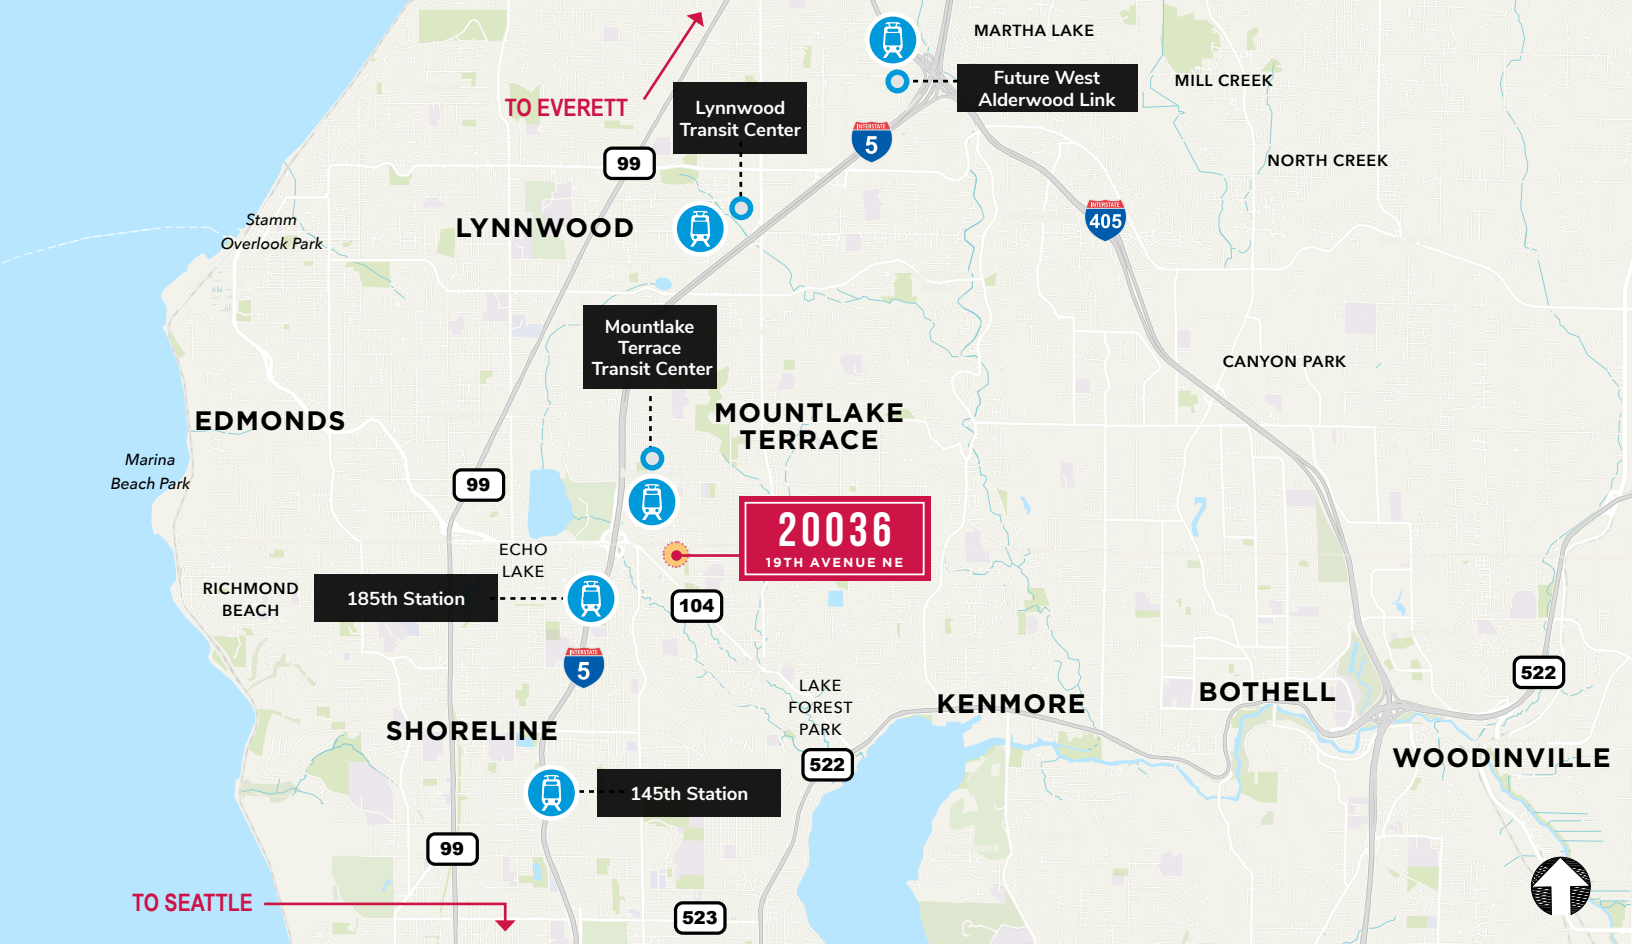

The property is leased to a dentist, whose present lease expires May 31st, 2025. There are two strategies, namely one for a developer and another strategy for a user. For the developer, the tenant is interested in renewing, which could provide interim income for a developer looking to build multifamily on the site. For a user, given there is no renewal option, a user could occupy the building after the lease expiration date in May.

This offering represents significant redevelopment potential with a potential opportunity to combined with the two adjacent parcels to the south, offering the possibility for over 150 units within the Community Business (CB) zoning.

SALE PRICE | \$1,250,000
