To whom it may concern,

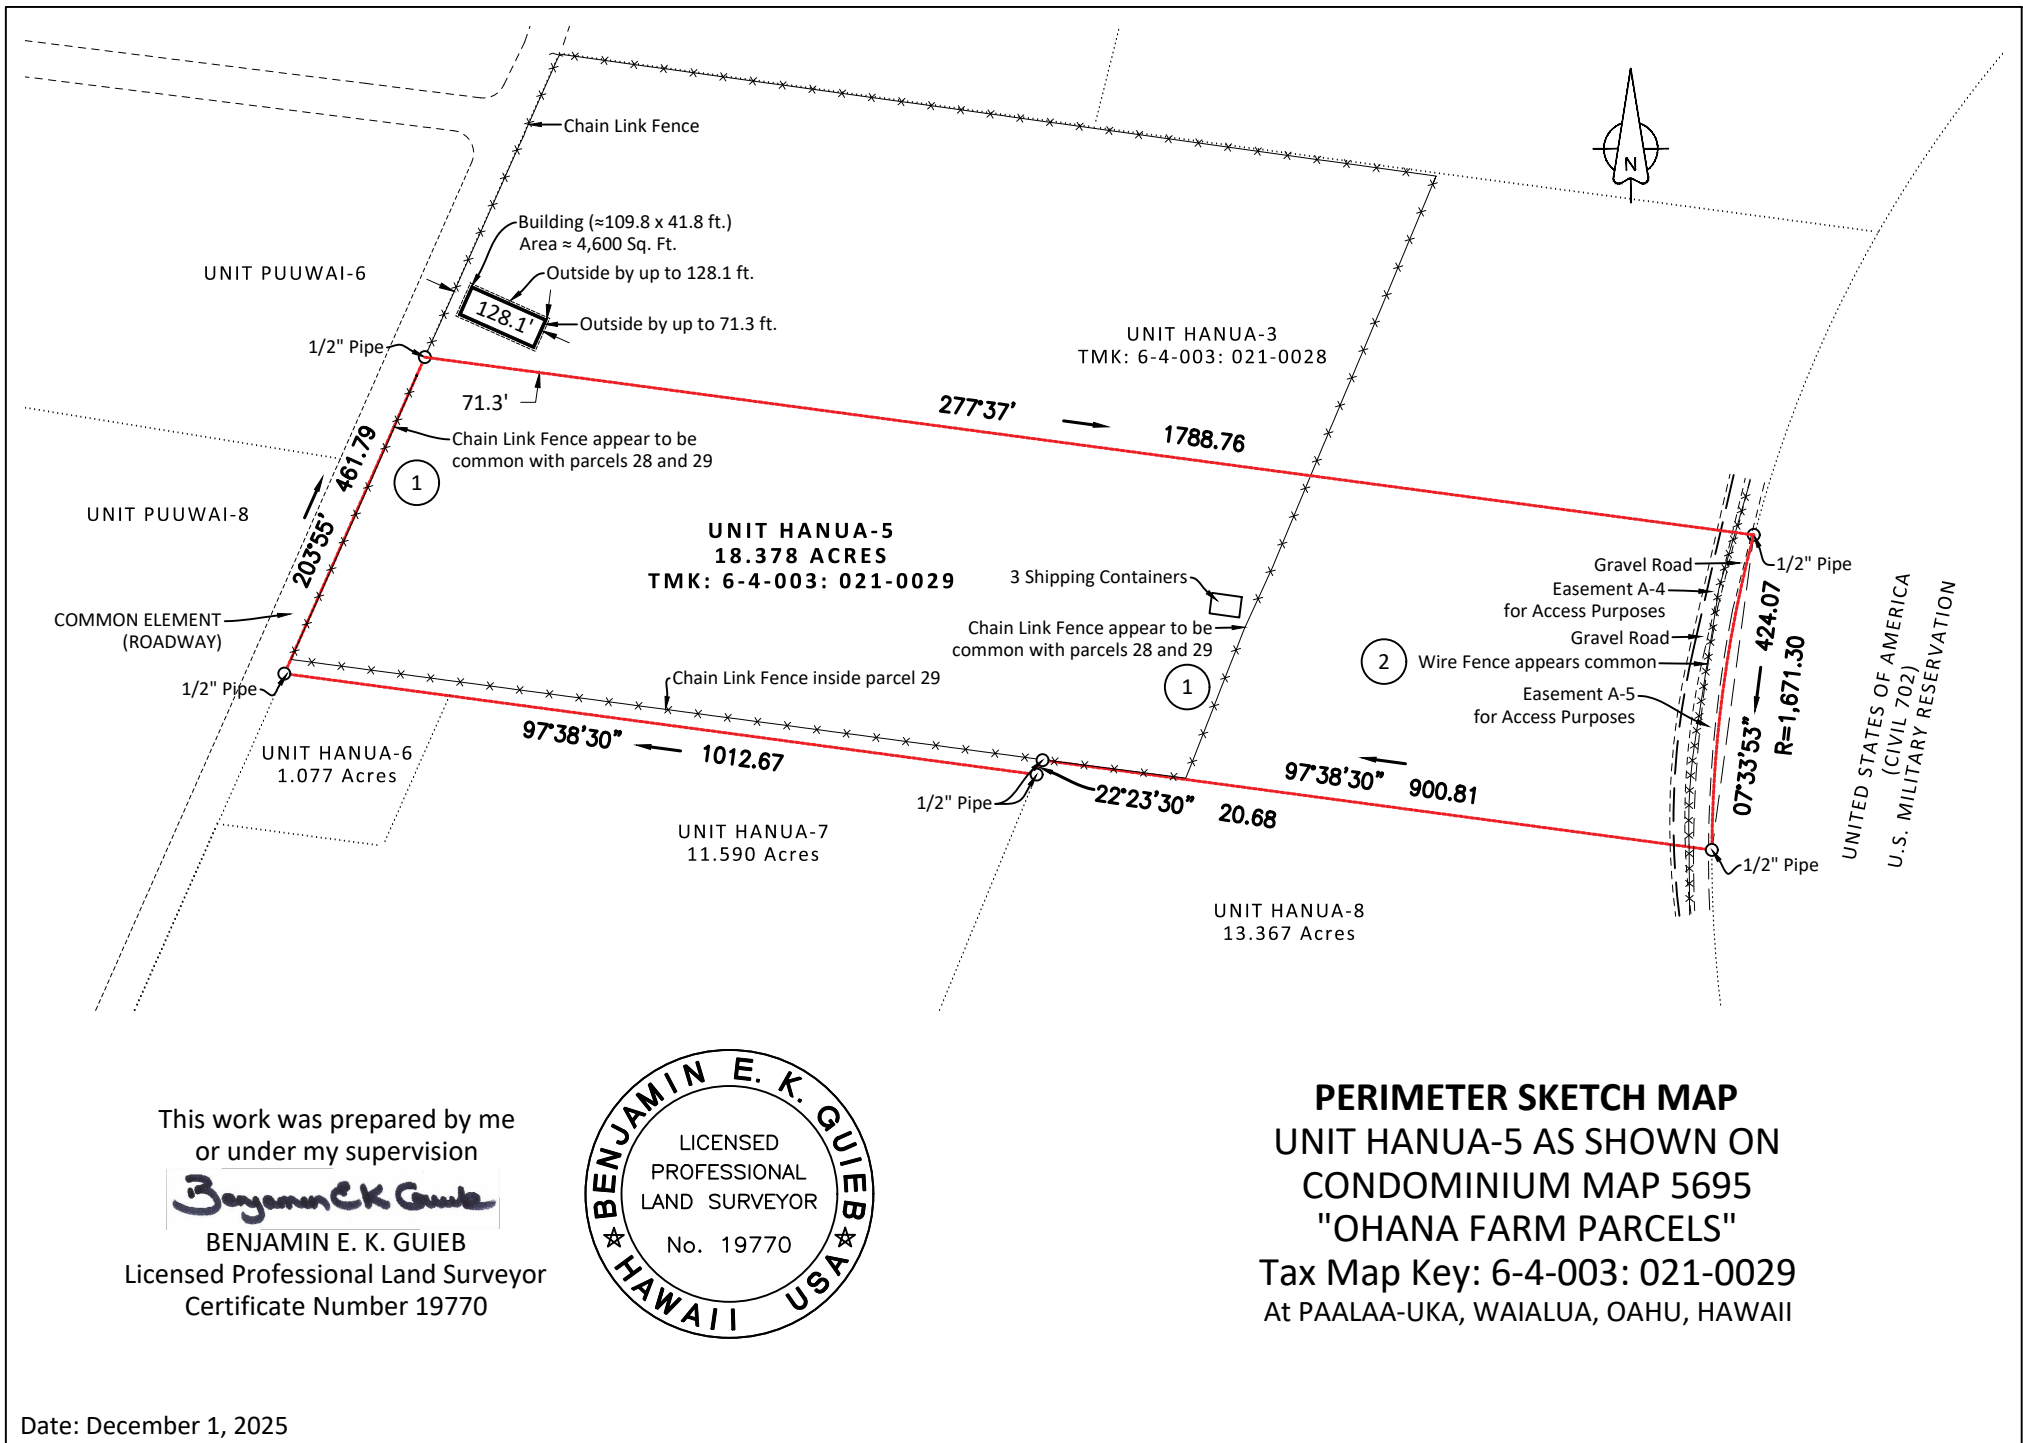

This is to respectfully inform you that the boundary corners of the subject parcel were set and verified in place between November 22, 2025 as per its metes and bounds description. This survey report and its findings are based upon the legal records of the subject parcel and tied to the existing found monumentation on subject and adjoining properties that best match record and field monumentation found at time of survey fieldwork. A sketch map showing some improvements along the boundary lines of the subject lot is attached to show the following:

1. A chain link fence appears to be common to adjacent parcel 21-0028 (HANUA-3) and subject parcel 21-0029 (HANUA-5) with the division line being the property line between each respective parcel.
2. A wire fence appears to be common to adjacent parcel 21-0028 (HANUA-3) and subject parcel 21-0029 (HANUA-5) with the division line being the property line between each respective parcel.
3. A Metal Warehouse on concrete slab on grade with metal roof appears completely on and over adjacent parcel 21-0028 (HANUA-3) by the dimensions and orientation as shown on map.
4. All other improvements located appear to lie within and on their respective parcels.
5. Property Corners were found and marked as shown on attached map.

The sketch map herein does not reflect all easements, restrictive covenants, building setback lines, footings, utilities, ownerships, or any other facts that an accurate and current title report may disclose. It was solely prepared for the purposes of this transaction only.

Very Respectfully,
