The Shoppes at Black Diamond Coming to Citrus County

October 15, 2023

Citrus County has become a prime target for residential development, generating the need for more commercial uses to complement that growth and existing residents. The Ferber Company is also in the beginning stages of an additional phase of the shopping center adjacent to The Shoppes at Black Diamond. This joins an additional retail development that broke ground this summer, neighboring Walmart, on the south side of the intersection.

“It is an exciting time in our county as Ferber continues to break ground and contribute to our economic growth, while still adhering to the standards we have for our quality of life and environmental protection,” said County Commissioner Ruthie Davis Schlabach, District 3. The Shoppes at Black Diamond will include retailers such as Target Supercenter, Aldi, Starbucks, 7-Eleven, Panera, and Texas Roadhouse, with one more retail pad available for lease.

Lecanto becomes county's new commercial hot pot in 2023

By Michael D. Bates Chronicle Reporter | Dec 28, 2023 Updated Mar 16, 2024

When Target and a host of other stores and restaurants announced they were coming to Citrus County a couple years ago, the news electrified many residents who had been clamoring for more shopping options.

Whatever your thoughts, this past year saw the ground cleared and buildings going up on both corners of the County Road 481/486 intersection in Lecanto.

The Shoppes at Black Diamond, on the northwest corner, will include other stores such as Panera, Starbucks, Aldi, Tropical Smoothies, Texas Roadhouse and 7-Eleven. On the southwest corner, look for such stores as Glory Days, Hobby Lobby, Panda Express and Arby's.

Many will open in 2024.

Target's Sustainability Efforts are Sprouting — and Supporting Our Future Growth

Apr 15, 2024

This Earth Month and every month, we celebrate the ways that sustainability makes our business and communities stronger — and helps us deliver a more joyful, meaningful experience to guests. From the design of our owned brands to the energy that powers our nearly 2,000 stores, we're making thoughtful choices through our Target Forward sustainability strategy to benefit people, the planet and our long-term growth.

To achieve our bold goals, we are embracing the power of partnership:

- We've partnered with Schneider Electric, which is educating and supporting our suppliers to tap into renewable energy through our Forward Renew program.
- We continue to serve as a Founding Partner of the Consortium to Reinvent the Retail Bag, a retail industry collaboration managed by the Center for the Circular Economy at Closed Loop Partners to eliminate single-use plastic bag waste.
- Target has received ENERGY STAR's Partner of the Year award for sustained excellence in energy management

Citrus County is a county located on the west central coast of the U.S. state of Florida. As of 2024, the population is 170,884. Its county seat is Inverness, and its largest community is Homosassa Springs. Citrus County comprises the Homosassa Springs, Florida Metropolitan Statistical Area. Citrus County was established in 1887 by the Florida Legislature and is located in the west central portion of Florida. Primarily a retirement community, Citrus County's financial base includes small business, health care, agriculture, banking, and related financial institutions, as well as a large utility company. Citrus County's economy has centered on the Crystal River energy complex, home-building, tourism, health care, and service- based industries.

TAMPA, FLORIDA

The City of Tampa is the largest city in Hillsborough County, is the county seat and is the third most populous city in Florida. It is located on the west coast of Florida, approximately 200 miles northwest of Miami, 180 southwest of Jacksonville, and 20 miles northeast of St. Petersburg. The City of Tampa is the 3rd largest city in Florida with a population of 405,462 as of July 1, 2024.

The City of Tampa is a diverse city with a diverse economy comprised of a well-the St. Petersburg Museum of History, the Gulf Coast World of Science, the Yulee Sugar Mill Ruins, the Boatyard Village, the Salvador Dali Museum and the Children's Museum of Tampa. Live theater can be seen at the Friday Morning Musicale in Hyde Park, Gorilla Theater in Drew Park, the Tampa Bay Performing Arts Center and Tampa Theater. The city also has a number of art galleries of interest, such as the African Art Gallery, Artists Unlimited, the Centre Gallery, the Covivant Gallery and Graphicstudio.

Tampa and its surrounding suburbs is host to over 20 hospitals, four trauma centers, and multiple Cancer treatment centers. Three of the area's hospitals were ranked among "America's best hospitals" by US News and World Report. Tampa is also home to many health research institutions. The major hospitals in Tampa include Tampa General Hospital, St. Joseph's Children's & Women's Hospital, James A. Haley Veterans Hospital, H. Lee Moffitt Cancer Center & Research Institute, and The Pepin Heart Institute.

The city is home to the main campus of the University of South Florida, The University of Tampa, Hillsborough Community College. Other colleges and universities in the wider Tampa Bay Area include Jersey College, Eckerd College, Florida College, and St. Petersburg College in St. Petersburg. Tampa is served by three airports (one in Tampa, two in the metro area) that provide significant scheduled passenger air service: Tampa International Airport, St. Petersburg-Clearwater International Airport, Sarasota-Bradenton International Airport.

#4 TAMPA-ST. PETERSBURG

Though Tampa-St. Petersburg might fly under the radar compared to its neighbors—the colorful Miami and heavily touristed Orlando—the metro area is no slouch amid Florida’s formidable peers. Tampa’s sunny climate, year-round sports, no state income tax, and booming economy have created a longtime draw for workers and retirees alike, leading Money magazine to name Tampa the ninth best place to live in the United States in 2022. The metro area has proven a good place for real estate investment capital to live as well, with 10-year annualized total returns of 8.6 percent in NCREIF’s NPI. Tampa moved up 14 spots in Emerging Trends’ U.S. Markets to Watch over the past year, the most improved ranking among Florida’s major metro areas (and tied for highest upward movement in the state with Deltona/Daytona Beach and Gainesville); Tampa is also the first U.S. Market to Watch for homebuilding prospects.

Tampa moved up 14 spots in *Emerging Trends’* U.S. Markets to Watch over the past year.

TAMPA-ST. PETERSBURG TRAILING TOTAL RETURNS ANNUALIZED AS OF 2024 Q2

Source: NCREIF NPI Database, accessed 2024 Q3

Tampa models an enviable economy with strong growth, high-paying job drivers, and economic diversity. The MSA’s population grew 1.5 percent per year from 2013 to 2023, approximately 2.5 times the national pace. Similarly, Tampa’s job growth has nearly doubled the national pace over the 10 years ending August 2024. The metro area is driven by white-collar jobs, particularly in the financial services sector. The share of private office-using jobs is 39 percent higher in Tampa than in the United States overall, while financial services jobs’ share is 59 percent higher here. There are four noteworthy finance and insurance companies with over 5,000 jobs in the metro area. But despite this notably outsized industry cluster, Moody’s Analytics gives the area an industrial diversity score of 0.83 (U.S. = 1.0), which ranks fourth most diverse among the 390 ranked MSAs.

Housing affordability is perhaps Tampa’s greatest headwind, as Moody’s data on the cost of living puts Tampa’s relative costs at 111 percent of the national average. Homeowner’s insurance expense now ranks among the 10 highest

nationally. Rising costs might slow in-migration from the 50,000 to 70,000 the metro area saw each year from 2021 to 2023, which calculated to a top 10 rate per capita for metro areas with more than 1 million residents. Some relief will come from lower interest rates, while Tampa home prices have moderated a bit since their January 2024 peak. But with house prices up 66 percent in the four years ending July 2024, much of Tampa’s previous housing affordability has eroded, with little hope of returning in the near term. On the bright side, costs of doing business remain below national averages (95 percent of the national rate, per Moody’s), with costs considerably lower than U.S. averages for energy, state, and local taxes, and office rent.

Despite these outlined risks, local economic growth is expected to be conducive to outsized real estate returns. Continued in-migration, an attractive business climate, and job growth forecast at 2.3 times the nation’s five-year forecast set the stage for continued demand for Tampa real estate.
