

MLS# 1589399

See MLS # 1589409 and 1589410 for additional purchase options.

Dirks Heating and Cooling is well known in the Barron County area & beyond as an excellent solution to the area's heating & cooling needs. From residential, commercial, & everything in between the Dirks name is well known for exceptional quality & service. After decades of service to our area, it's time for a new generation of professionals to take the reins with everything you need to continue the legacy. The business is being offered with an established client base, highly recognizable brand, current contracts, vehicles, sterling reputation, professional industry resources & connections, trade tools, sheet metal shaping/ductwork production equipment, & a prime location property that includes a well maintained building with reception area, conference room, private offices, product storage space, large workshop with overhead doors, & an adjoining business space that could be used by your team or leased out for a bonus revenue stream. Get in touch with our office for all the details!
