

NEIGHBORHOOD

An adaptive reuse of the former Alameda Naval Air Station (NAS), Alameda Point is igniting a spirit of revival that will reverberate throughout all of Alameda. With its waterfront amenities and unparalleled vistas of San Francisco, the neighborhood will be a regional destination for shopping, dining, water activities, and other entertainment.

COMMUTING MADE EASY

Alameda Point is a transit oriented community, providing you with several options to get around the Bay Area. Whether you choose to bike, drive, take the bus, BART or hop on the ferry from one of three terminals, you'll be able to get to your destination.
