One Mile to The Naples Beach
Land for Development
Rosemary Court

Positioned in one of Naples' most desirable growth corridors, this exceptional ±6-acre development site offers a rare opportunity to create a boutique, high-end residential community in the heart of Collier County. Located just one mile from the beach, east of U.S. 41 and north of Golden Gate Parkway, the property combines prime accessibility with close proximity to Naples' premier lifestyle amenities. Zoned for up to 38 residential units, the site is well-suited for luxury townhomes, villas, or a low-density mid-rise condominium enclave. Ongoing supply constraints in this segment, paired with strong demand for well-located new construction, provide a highly favorable development backdrop. The property offers immediate access to major thoroughfares, placing future residents just minutes from downtown Naples, Gulf beaches, upscale shopping and dining destinations, and world-class golf and country clubs. Its proximity to key employment centers, healthcare facilities, and regional infrastructure further strengthens its long-term value and market appeal. Offered at \$28,500,000, this opportunity represents a compelling combination of scale, entitlement, and location—qualities that are increasingly scarce in Collier County. For developers seeking to deliver a high-quality residential product in one of Southwest Florida's most affluent and resilient markets, this site stands out as a premier acquisition opportunity.
