About Clopton Siteworks

Clopton Siteworks is a collection of 26 Phillip Morris tobacco warehouses on 25-acres just south of Hull Street in Richmond. Lynx Ventures purchased the property in 2014, and began with historic preservation and adaptive reuse measures to restore the buildings into the mix of office and warehouse space that exists today. Our goal is to create a hub of activity, creativity and economic growth south of the James River.

To us, Clopton Siteworks is much more than real estate. It's a community of growing businesses that are invested in doing things differently. Whether you're one of Richmond's fastest growing companies or a restaurateur in need of shared kitchen space, we welcome you to explore our growing network of makers, movers and shakers.
