Submarket:	Downtown Thomasville
Traffic Count:	9,690

PROPERTY OVERVIEW

Incredible commercial office building, zoned Downtown General, with an additional undeveloped commercial lot a brief walk from all of downtown Thomasville's shops, restaurants and businesses like George and Louies, the downtown Courtyard by Marriott and it is adjacent to the iconic Plaza Restaurant. There are 6 spacious offices, a large conference room with a collapsible divider door, tall ceilings and an ample corner kitchen/break room. It has a large waiting/reception room with hardwood flooring and an equally sized front business office. Two of the private offices have hardwood flooring and the rest of the building has new LVT flooring, fresh paint and even new blinds. One large room even has lead-lined sheetrock that can be used for X-ray; perfect for a medical or dental office. It has two tankless hot water heaters and there is even 3 phase power to the building! There is a huge parking lot, and even plenty of street parking on South Crawford St. shaded by Thomasville's famous oak trees. But perhaps the most exciting thing about the property is that there is a developable front commercial lot with a 24' curb cut on to US Route 84 Business (aka "Smith Avenue") large enough for 2 way traffic already there! According to our resources, this is the ONLY undeveloped commercial lot in all of downtown Thomasville. Don't miss out on this great opportunity. Opportunity for future expansion, redevelopment or complementary uses. All proposed uses and future development are subject to verification and approval by the City of Thomasville and other applicable authorities.
