

03 - Third Floor
1/4" = 1'-0"

PLAN NOTES

1. Verify the old existing wall remains at the underside of the floor above and verify that all existing wall have sound foundation. If wall do not remain at its underside of ceiling or do not have sound foundation, perform work to verify these parameters.

GENERAL NOTES

A. Verify total size of existing wall where walls or extensions of the wall will occur. Any inlets or extensions to existing walls, hold match stud size of the existing wall.
