SUBJECT: File No. 472/97321.DCS
Department of Corrections
Camp Ojibway
Proposed Additional Land

As discussed at our meeting on December 3, 1998, transmitted for your review and use is a revised description and site map of proposed additional lands for Camp Ojibway. In keeping with your request, we have reduced the proposed land down to approximately 62 acres. This should reduce impact on transferring existing wetlands and keep proposed land transfers out of sections 9 & 16.

It is our understanding and agreement that you will be obtaining the services of a licensed surveyor to develop the certified boundary survey for this proposed land and that the State of Michigan will be responsible for the survey costs. Please provide me at your earliest convenience with a description of the survey services and estimated costs.

I hope this information meets your needs. If you have any questions or concerns, please contact me at 517-373-8322.

Sincerely,

Thomas D. Kane, Interim Director
Design Division, Office of Facilities
