M52 LIMITED IMPACT INDUSTRIAL USE REGULATIONS

The provisions of Section 2520 through Section 2529, inclusive, shall be known as the M52 Limited Impact Industrial Use Regulations. The M52 Use Regulations are intended to create and preserve areas where manufacturing and industrial uses which evidence no or very low nuisance characteristics may locate. Non-industrial uses which support or are adjuncts to industrial uses and are compatible with such uses are permitted within the zone particularly administrative, sales, and services uses. Typically, the M52 Use Regulations would be applied in urban or suburban areas where nuisance characteristics involving noise, odor, traffic generation or unsightliness were undesired and where all uses (with certain exceptions) would be conducted entirely within enclosed buildings. Various applications of the M52 Use Regulations with appropriate development designators can create a community of industries in a high quality industrial park or a strip of low impact industrial uses.

2522 PERMITTED USES.

The following use types are permitted by the M52 Use Regulations:

A. CIVIC USE TYPES.
