FUTURE UP-FIT - - - - -

DISCLAIMER AND INDEMNIFICATION: The Architect's role in the design of this project is limited solely to a cursory review to satisfy the requirements of this communities' ARB standards. The Architect is not responsible nor liable for the design or performance of any structural, mechanical, electrical or plumbing systems. The Architect is neither responsible nor liable for the means and methods of construction, material selections, specifications or any other additions or deviations from the drawings which bear his stamp. By and through the use of these plans for construction the user agrees to indemnify and save the Architect harmless from all claims, loss, damages, actions and causes of action whatsoever that may be asserted or brought by third parties against the Architect, which are directly or indirectly
