Urgent Care Market: Growth Outlook

The U.S. urgent care market has nearly doubled in size over the past decade, with over 14,000 centers operating as of 2023. Market growth is projected to reach \$55.07 billion by 2030, and is driven by a combination of a **national shortage of primary care physicians**, rising patient **preference for same-day care**, and **telehealth services**.

TENANT SUMMARY

Hometown Urgent Care & Occupational Health, founded in 1996 in Dayton, Ohio, evolved into the Midwest’s largest independent urgent care provider, operating over 30 clinics across Ohio and Michigan. In 2012, Ridgemont Equity Partners acquired a majority stake, fueling expansion through new clinic openings and acquisitions. By 2019, Hometown had grown to 33 locations and planned further expansion. In December 2020, WellNow Urgent Care acquired Hometown, nearly doubling its footprint and making it one of the top 10 urgent care providers in the U.S. The combined entities served nearly 1.5 million patients in the preceding year.

WellNow Urgent Care, founded in 2012 by Dr. John Radford, is a rapidly expanding provider of walk-in medical services, telehealth, and occupational medicine. Headquartered in Chicago, Illinois, the company operates over 200 locations across New York, Ohio, Michigan, Indiana, Illinois, and Wisconsin.

As of 2024, WellNow employs approximately 1,245 individuals and reports estimated annual revenues of \$470.6 million. Strategic acquisitions—including Hometown Urgent Care and Physicians Immediate Care—have bolstered its Midwest footprint.

WellNow is also accredited by the Urgent Care Association, a designation earned by just 10% of urgent care facilities.

LOCATION OVERVIEW

AKRON, OH

The Akron metro is a major manufacturing center located approximately 30 miles south-east of Cleveland. The market is home to roughly 702,000 residents, approximately 187,000 of which are located in the city of Akron. The metro's population has begun to stabilize as about 2,100 new residents are expected through 2028, supporting the creation of roughly 1,500 households over the same span. Akron is a resilient mid-sized city with a diversified economy, strong healthcare infrastructure, and a growing education and research sector.

Akron, Ohio

Firestone Park

The subject property benefits from its strategic positioning within Firestone Park, one of Akron's most historic and stable residential neighborhoods, providing a built-in consumer base and a strong sense of community. It was originally developed as a planned community for workers of the Firestone Tire & Rubber Company, and today, it remains a desirable area with a dense population and longstanding homeowner presence.

The University of Akron

Just three miles north of the site is The University of Akron, a major regional institution with over 25,000 students and staff combined. The university plays a pivotal role in the city's innovation economy, particularly in polymer science, engineering, and applied research, and continues to attract talent and funding to the area.

Economy

Akron's economy has evolved from its industrial roots into a more diverse ecosystem, anchored by the healthcare, education, and manufacturing sectors. Major employers include Cleveland Clinic Akron General, Summa Health, Goodyear Tire & Rubber (global HQ), and Bridgestone Americas. The city also benefits from access to the Greater Cleveland market while maintaining affordable real estate costs and a business-friendly environment. Akron's central location and proximity to Interstates 77 and 76 provides seamless regional connectivity, making it an attractive hub for logistics, services, and commuter traffic.

The information contained in the following Marketing Brochure is proprietary and strictly confidential. It is intended to be reviewed only by the party receiving it from Marcus & Millichap and should not be made available to any other person or entity without the written consent of Marcus & Millichap. This Marketing Brochure has been prepared to provide summary, unverified information to prospective purchasers, and to establish only a preliminary level of interest in the subject property. The information contained herein is not a substitute for a thorough due diligence investigation. Marcus & Millichap has not made any investigation, and makes no warranty or representation, with respect to the income or expenses for the subject property, the future projected financial performance of the property, the size and square footage of the property and improvements, the presence or absence of contaminating substances, PCB's or asbestos, the compliance with State and Federal regulations, the physical condition of the improvements thereon, or the financial condition or business prospects of any tenant, or any tenant's plans or intentions to continue its occupancy of the subject property. The information contained in this Marketing Brochure has been obtained from sources we believe to be reliable; however, Marcus & Millichap has not verified, and will not verify, any of the information contained herein, nor has Marcus & Millichap conducted any investigation regarding these matters and makes no warranty or representation whatsoever regarding the accuracy or completeness of the information provided. All potential buyers must take appropriate measures to verify all of the information set forth herein.

SINGLE TENANT NET LEASE DISCLAIMER

Marcus & Millichap hereby advises all prospective purchasers as follows:

The information contained in this and any other marketing materials provided by Marcus & Millichap has been obtained from sources believed to be reliable. However, Marcus & Millichap has not verified or conducted any due diligence, and will not verify or conduct any due diligence, regarding information communicated to potential buyers. Marcus & Millichap makes no promise, guarantee, warranty, or representation about the accuracy or completeness of any information and expressly denies any obligation to conduct a due diligence examination of this information or of any property for any buyer.

Any projections, forecasts, opinions, pro formas, assumptions, estimates, or expressions of potential future performance used in this or any other marketing material provided by Marcus & Millichap are for example only, represent only what might occur, and do not represent the current, actual, or future performance of this property or tenant. The value to any buyer of any property depends on factors that should be evaluated by each buyer together with the buyer's tax, financial, legal, and other professional advisors (collectively "Professional Advisors"). All buyers should conduct a careful, independent investigation of any property, tenant, and information deemed material to that buyer, to determine to their satisfaction the suitability of a particular property for each buyer's particular needs. All potential buyers should be comfortable with and rely solely on their own projections, analyses, and decision-making when purchasing this or any other property. Information provided by Marcus & Millichap, including this marketing material, is never a substitute for nor satisfaction of each buyer's responsibility to conduct thorough due diligence of this or any other property the buyer might purchase.

Like all real estate transactions, this potential investment carries significant risks. Each buyer and Professional Advisors must request and carefully review all information and documents related to the property and tenant which the buyer deems material to their particular needs. While the tenant's past performance at this or other properties might be an important consideration, past performance is not a guarantee or necessarily a reliable indication of future performance. Similarly, the lease rate for some properties, including newly-constructed facilities or newly-acquired locations, may be based on a tenant's projected sales with little or no record of actual performance or comparable rents for the area. Future performance and investment returns are never guaranteed. Tenants and guarantors may fail to pay the lease rent or property taxes, or may fail to comply with other material terms of their lease. Cash flow may be interrupted in part or in whole due to market, economic, environmental, or other conditions. Regardless of tenant history and lease guarantees, every buyer is responsible for conducting their own investigation of all matters affecting the intrinsic value of the property and any lease, including the likelihood of locating a replacement tenant if the current tenant should default or abandon the property as well as the lease rates and other terms the buyer might be able to negotiate with potential replacement tenants, considering the location of the property, market rental rates, and the buyer's legal ability to make alternate use of the property.

All potential buyers are strongly advised to take advantage of their opportunities and obligations to conduct thorough due diligence and seek expert opinions as they may deem necessary. All potential buyers are admonished and advised to engage Professional Advisors on legal issues, tax, regulatory, financial and accounting matters, and for questions involving the property's physical condition or financial outlook.

By accepting this or any other marketing materials from Marcus & Millichap you agree to release Marcus & Millichap Real Estate Investment Services and its affiliated entities and agents, and hold them harmless, from any claim, cost, expense, or liability arising out of your purchase of this property.
