3057 East Cairo Street Springfield, Missouri 65802

PROPERTY OVERVIEW

The building's international architectural design is reflected in simple geometric forms, accent lines, and material combinations. This building features structural precast concrete exterior walls, open office cubicle spaces, private offices, updated interior finishes, and recently replaced mechanical systems. Common areas include entry vestibule, open reception area, corridors, restrooms, conference room, break area, and data room. The building is provided with an automatic fire sprinkler system, security system, basement, with parking available in front and behind. Great location just blocks from Highway 65 & Chestnut Expressway.
