What is Foodie Labs?

A culinary center in the heart of the Warehouse Arts District

Our mission is to connect the world of food with art & science while providing a creative showcase for chefs, ghost kitchens, caterers and foodies in our community.

For the public, we offer an array of menus for breakfast, lunch, dinner, and late night munchies. We sponsor special culinary events, as well as offering our space for your own special event for up to 120 people.

For the foodie entrepreneur, we have seven ghost kitchens, two bake stations, and two shared kitchen spaces. The Foodie Labs also provides a three-tier mentoring and marketing program for aspiring chefs, food trucks, caterers or any entrepreneur getting started in the food business. This will include necessary certifications, licensing, classes and networking.

Are You Ready To Explore Your Culinary Concept?

Maybe a Ghost Kitchen is What You Need!

Our ghost kitchen clients get the advantages of a modern facility that is low-risk and quick to start. Our ghost kitchen is much less expensive than a conventional restaurant and connects you with a wider range of customers than a typical food truck.

Foodie Labs benefits include:

- Minimal commitment of 12 months
- A kitchen space outfitted with typical back of the house equipment
- Simple billing that includes all utilities and equipment usage
- Ordering kiosks, an on-line ordering system, and fully integrated 3rd party delivery
- Access to an experienced mentoring team for branding, marketing, kitchen organization, and financial management
- Licensing assistance
- Community connections and access to in-house events
- A walk-in cooler cage
- 24/7 access to the facility
