- Location
- Site Plan
- Food City Info
- Spaces for Lease
- Demographics
- Disclaimer
- Contact Info

- The new five-lane Schaad Road will be a major arterial connecting I-40/75 at Lovell Road in West Knoxville with the I-75 Callahan Road interchange north of downtown Knoxville
- All phases of the Schaad Road project are being timed for simultaneous completion in 2024
- Grassy Creek is at the intersection of the new Schaad Road 5-lane and the primary East-West arterial in northwest Knox County, Oak Ridge Hwy/Western Ave. (TN-62), recently five-laned.
- The project includes a **new signalized access** road at the Oak Ridge Hwy & Schaad Road entrances, as well as addition of new turn lanes at the Oak Ridge Hwy / Schaad Rd intersection
- Knox County's local daily traffic patterns follow highways that radiate from downtown between parallel ridges that blanket the county. This **unique** topography makes Grassy Creek a natural "choke **point**" - most accessible and traveled by a broad swath of northwest Knox County. Despite other shopping areas within 2-4 miles of some parts of the trade area as the crow flies, traffic to those other areas funnels past Grassy Creek due to topography. Schaad Road will be the only continuous north-south arterial in this quadrant of the county.

Grassy Creek Mixed Use Development should generate approximately 27,800 daily weekday trips. After the consideration of pass-by traffic, approximately 18,100 new daily trips will be generated for a typical weekday.
