## WHY INVEST

### Premier Location in Houston's Coastal Playground

The subject property is located in Kemah, Texas, one of the Houston metro area's most vibrant coastal destinations. Known for its marina, boardwalk attractions, and seaside restaurants, Kemah attracts millions of visitors each year from across Texas and beyond. This prime location places Quick Quack Car Wash at the heart of a growing market that benefits from both strong local demographics and sustained visitor demand.

**High-Traffic, Accessible Location** Positioned near the intersection of Highway 146 and Marina Bay Drive, the property enjoys excellent visibility and accessibility for residents, commuters, and tourists traveling between Houston and Galveston. Interstate 45 connects Kemah directly to downtown Houston and the Gulf Coast, while Highway 146 serves as a main thoroughfare for coastal travelers. This strategic positioning provides Quick Quack with a steady flow of daily commuters, recreational visitors, and traffic.

**Tourism and Regional Demand Drivers** Kemah's proximity to major regional attractions significantly bolsters the property's draw. Within a short drive are the Kemah Boardwalk, NASA Johnson Space Center, Topgolf, and Great Wolf Lodge, one of only 23 locations in North America. These high-traffic destinations attract year-round visitors seeking entertainment, recreation, and family experiences, all of whom contribute to the strong retail and service demand in the Kemah market.

### Captive Retail Audience with Limited Competition

Kemah's retail supply remains limited due to its coastal geography and developed marina district, creating a captive consumer base for existing retailers. Major national tenants such as Walmart, Target, Office Depot, and more have secured long-term positions in the area to capture consistent demand from both tourists and local residents. This scarcity of developable land and limited competition enhances the long-term value of well-located service assets, particularly those that cater to everyday consumer needs.

### Resilient Tenant with a Proven Business Model

Quick Quack operates under a corporate-guaranteed, absolute triple-net (NNN) lease, providing investors with stable, passive income and minimal management obligations. The brand's membership-based model—allowing customers to use any location nationwide—adds a layer of stickiness and regional draw, appealing to both local customers and travelers. The company has established a strong reputation for its efficient operations, rapid service model, and commitment to sustainability through water reclamation and eco-friendly processes.

### Thriving Submarket in the Houston MSA

Kemah sits within the outer Houston metroplex, where population growth, tourism expansion, and rising incomes continue to strengthen the local economy. The region's proximity to the Houston Medical Center, Energy Corridor, and coastal industrial hubs provides steady employment and a reliable consumer base.

# KKR TO BUY \$850-MILLION STAKE IN QUICK QUACK CAR WASH

Reuters | June 11, 2024

KKR & Co (KKR.N), has agreed to buy a “significant” minority stake in Quick Quack Car Wash, the investment firm told Reuters on Tuesday and sources familiar with the deal said KKR would pay \$850 million.

Reuters reported earlier this year that Quick Quack was working with banks Goldman Sachs and William Blair to sell a minority stake.

Quick Quack, which launched in 2004, has over 230 locations across California, Texas, Arizona, Utah and Colorado. KKR said its investment will help the company grow through marketing and expansion.

Quick Quack will adopt a program to give equity in the company to its whole workforce, a strategy that KKR has implemented at several other portfolio companies.

KKR agreed to buy the stake through its strategic investments group, which invests across a company’s capital structure. The group sits under KKR’s credit business, which manages \$260 billion in assets.

## COMPANY PROFILE: KKR & CO

KKR & Co. Inc., also known as Kohlberg Kravis Roberts & Co., is an **American global investment company** that manages multiple alternative asset classes, including private equity, energy, infrastructure, real estate, credit, and, through its strategic partners, hedge funds.

As of December 31, 2023, the firm had completed more than 730 private equity investments in portfolio companies with approximately **\$710 billion of total enterprise value**. Assets under management and fee paying assets under management were \$553 billion and \$446 billion, respectively.

# Information About Brokerage Services

Texas law requires all real estate license holders to give the following information about brokerage services to prospective buyers, tenants, sellers and landlords.

11-2-2015

## TYPES OF REAL ESTATE LICENSE HOLDERS:

- A **BROKER** is responsible for all brokerage activities, including acts performed by sales agents sponsored by the broker.
- A **SALES AGENT** must be sponsored by a broker and works with clients on behalf of the broker.

## A BROKER'S MINIMUM DUTIES REQUIRED BY LAW (A client is the person or party that the broker represents):

- Put the interests of the client above all others, including the broker's own interests;
- Inform the client of any material information about the property or transaction received by the broker;
- Answer the client's questions and present any offer to or counter-offer from the client; and
- Treat all parties to a real estate transaction honestly and fairly.

## A LICENSE HOLDER CAN REPRESENT A PARTY IN A REAL ESTATE TRANSACTION:

**AS AGENT FOR OWNER (SELLER/LANDLORD):** The broker becomes the property owner's agent through an agreement with the owner, usually in a written listing to sell or property management agreement. An owner's agent must perform the broker's minimum duties above and must inform the owner of any material information about the property or transaction known by the agent, including information disclosed to the agent or subagent by the buyer or buyer's agent.

**AS AGENT FOR BUYER/TENANT:** The broker becomes the buyer/tenant's agent by agreeing to represent the buyer, usually through a written representation agreement. A buyer's agent must perform the broker's minimum duties above and must inform the buyer of any material information about the property or transaction known by the agent, including information disclosed to the agent by the seller or seller's agent.

**AS AGENT FOR BOTH - INTERMEDIARY:** To act as an intermediary between the parties the broker must first obtain the written agreement of *each party* to the transaction. The written agreement must state who will pay the broker and, in conspicuous bold or underlined print, set forth the broker's obligations as an intermediary. A broker who acts as an intermediary:

- Must treat all parties to the transaction impartially and fairly;
- May, with the parties' written consent, appoint a different license holder associated with the broker to each party (owner and buyer) to communicate with, provide opinions and advice to, and carry out the instructions of each party to the transaction.
- Must not, unless specifically authorized in writing to do so by the party, disclose:
  - o that the owner will accept a price less than the written asking price;
  - o that the buyer/tenant will pay a price greater than the price submitted in a written offer; and
  - o any confidential information or any other information that a party specifically instructs the broker in writing not to disclose, unless required to do so by law.

**AS SUBAGENT:** A license holder acts as a subagent when aiding a buyer in a transaction without an agreement to represent the buyer. A subagent can assist the buyer but does not represent the buyer and must place the interests of the owner first.

## TO AVOID DISPUTES, ALL AGREEMENTS BETWEEN YOU AND A BROKER SHOULD BE IN WRITING AND CLEARLY ESTABLISH:

- The broker's duties and responsibilities to you, and your obligations under the representation agreement.
- Who will pay the broker for services provided to you, when payment will be made and how the payment will be calculated.
