Some metrics upon substantial completion of all phases of development.

Harbor Point is one of the most prominent waterfront developments on the East Coast, with roots firmly planted in Baltimore's industrial past, while forging a bold new identity as a forward-thinking, sustainable urban hub. A former manufacturing site that remained undeveloped and unused for years, Harbor Point is transforming into Baltimore's newest waterfront neighborhood, seamlessly blending office, retail, residences, hotels, and an unprecedented amount of green space into a dynamic new extension of the city.
