A New Gateway To Campus

UC San Diego – Triton Center

As UC San Diego prepares for tremendous growth in the coming years they are raising the bar with restaurant and retail offerings to satisfy the evolving tastes of students, faculty and staff.

Triton Center will transform the heart of campus into a vibrant urban core with a gateway to discovery, connection and community. As a welcoming, socially dynamic and memorable destination, Triton Center will provide centralized student and campus services; opportunities to showcase UC San Diego's distinctive accomplishments, heritage, art and culture; and spaces for relaxation, enrichment and celebration. The project will include offices for the university's administration, including Chancellor and Vice Chancellors.

From a new home for alumni to dedicated resources for faculty and students, and from health services to gallery and gathering spaces, Triton Center is designed to strengthen connections across the campus and throughout the community. Slated to open in 2026, the multibuilding complex will include resources that help students navigate campus services related to their individual needs, clinical spaces to support student health and well-being, plus an expansive plaza to host a diverse series of events, as well as venues that provide access to the university's artistic and cultural assets.

overview

Triton Center is a four-building complex that will be a hub of activity as the new center of campus. The district has been designed contemporary and modern, celebrating the best of UC San Diego's history and culture while highlighting the natural beauty of the place and Southern California.

Highly anticipated campus gateway project consisting of 332,000 SF across a 10-acre site, located in the geographic center of campus.

Four distinct restaurant and retail spaces available for lease, ranging from 741 – 1,597 SF in size.

Best in class architecture and design by EYRC Architects.

Situated within a short walk to the main campus LRT station and 2,650 seat Epstein Family Amphitheater, with over 300 performances per year and 280,000+ projected annual attendees.

Located within close proximity to the Gilman School of Medicine, Jacobs School of Engineering, Gilman Parking Garage, and upcoming 1,300 bed Pepper Canyon West upper division housing project.
