LIFESTYLE IN THE HEART OF COCONUT GROVE

COCONUT GROVE LIVING

Just south of Downtown and the Beaches sits boutique shops, eclectic restaurants and Miami's original art gallery district. Coconut Grove is best known for its lush green landscape bordered by the shimmering blue waters of Biscayne Bay.

From its beginnings in the late 1800s, this magical place has attracted tycoons, artists, writers, and musicians galore and-truth be told-more than its share of eccentrics and free spirits. Coconut Grove has attracted adventurers since its beginnings. Long before Miami even existed, this tropical frontier village lured sailors and individualistic settlers into its quietly breathtaking natural setting with its wild sense of inspirational freedom. It's no surprise Coconut Grove has been a haven of inspirations for such luminaries as Tennessee Williams, Robert Frost and Alexander Graham Bell.

Today, the village known to locals simply as "The Grove", is still a brilliant gem on the edge of the City of Miami. Though the sun can be found shining bright off the waters of Biscayne Bay any day, it's the warm welcome of the Grove community that illuminates your stay. In the midst of a bustling world, the Grove remains a place of secret pleasures awaiting your discovery.
