PROPERTY OVERVIEW

5387 8TH STREET CARPINTERIA, CA 93013

5387 8th Street presents a rare opportunity to acquire a centrally located Carpinteria fourplex, just two walkable blocks from the “World’s Safest Beach” and approximately 0.5 mi from Linden Avenue’s vibrant retail and dining corridor.

The property consists of (2) 1BD/1BA units and (2) studio units with a pay-per-use laundry room, carport parking accessed via a rear alley, and a detached single-car garage. Unit C, the largest one-bedroom unit, and Unit D, a studio, are currently vacant offering immediate opportunity to lease up units at market rate or an owner-occupant to utilize this vacant one-bedroom unit as a residence or vacation retreat. Additionally, the garage and carport areas may present potential for ADU conversion, subject to city review and approvals.

The site has benefited from several recent capital improvements, including the installation of foundation retrofit plates for enhanced seismic stability in 2025, as well as a new electrical main panel and sub panel in the garage, a gas meter, and two tankless water heaters installed in 2021. Select units have been updated within the past five years with new wall heaters, vinyl plank flooring, and interior finishes.

Don’t miss this compelling opportunity to acquire a well-located, income-producing asset in the supply constrained coastal market of Carpinteria.

THE CITY OF CARPINTERIA

Carpinteria is a charming coastal city located in Santa Barbara County, nestled between the Santa Ynez Mountains and the Pacific Ocean. Known for its relaxed, small-town vibe, Carpinteria offers a beautiful mix of natural beauty, outdoor activities, and a strong sense of community. Beyond its outdoor attractions, the town boasts a vibrant local scene, with boutique shops, art galleries, and cozy cafes lining the streets of its downtown area. Home to approximately 12,828 residents, the city's economy thrives on agriculture, with nearby avocado and flower farms, as well as its proximity to tech industries in Santa Barbara and Ventura. With a mild Mediterranean climate, and close proximity to urban centers like Santa Barbara and Ventura, Carpinteria is a hidden gem on California's Central Coast, offering residents the perfect blend of outdoor adventure, and small-town charm.
