- Underground PVC downspout drains to street - 2010
- Soundproof ceiling installed in 153 (Kinetics Isomax System)
- No deferred maintenance
- Large rooms – Open concept

Site Description, Details & Area Information

Located in the heart of **Olde Towne East**, 151–153 S. 17th Street is a well-maintained duplex offering strong in-place income with clear upside through lease rollover, making it ideal for an owner-occupant or investor seeking flexibility. Built in 1909 and fully renovated between 2008–2009, the property was gutted to the studs with comprehensive interior and exterior improvements, including all new HVAC, DWV plumbing, 200-amp electric service, and complete lead paint and asbestos abatement. The roof was replaced in 2019, and major utility infrastructure upgrades include a new water service line and gas service installation.

The ±3,835 SF duplex consists of a 3-bedroom / 2-bath unit (151) and a 2-bedroom / 1-bath unit (153). Unit 151 is leased at \$2,250/month through August 2026 and features a private 15' x 30' second-floor deck, electric heat pump with central air, and in-unit washer/dryer. Unit 153 is occupied by a long-term tenant on a month-to-month basis at a below-market rent of \$1,350/month and is served by a high-efficiency furnace with central air.

Both units feature stainless steel appliances, ¾" oak hardwood floors, original woodwork, large open-concept rooms, and a finished third floor with R-30 insulation. The property includes a fully divided basement with washer/dryer connections, four off-street parking spaces, extensive landscaping, and a large brick paver patio. All utilities are paid by residents, with water sub-metered. Ownership reports no deferred maintenance. Annual real estate taxes are approximately \$3,979 with insurance at \$1,232/year.

Olde Towne East is one of Columbus' most established and rapidly appreciating historic neighborhoods, located just east of Downtown and adjacent to Franklin Park, the Near East Side, and major employment centers. The area has seen sustained reinvestment through historic renovations, new infill development, and strong rental demand driven by proximity to Downtown, Nationwide Children's Hospital, and the Short North. With limited new duplex inventory and continued neighborhood revitalization, Olde Towne East remains a favored submarket for both investors and owner-occupants seeking long-term value and stability.

In-Place Income with Near-Term Upside

- Current in-place rents: **\$3,600/month / \$43,200 annually**
- Unit 153 (2BD/1BA) leased month-to-month at **below-market rent leased to long term tenant since 2013**
- Opportunity to increase NOI through market-rate re-leasing or light interior refresh
- Unit 151 provides **stable cash flow through August 2026**
- No capital expenditures anticipated; major systems, roof, and utilities already upgraded
- This structure offers buyers immediate yield with upside in a proven rental corridor.
- The Seller has preliminary plans for a three-car garage with a carriage house, supported by the City of Columbus' approval of legislation permitting Accessory Dwelling Units (ADUs). This offers a potential future value-add opportunity, subject to buyer verification and permitting.**
