1015 March Road

PROPERTY OVERVIEW

Cushman & Wakefield Ottawa (the “Advisor”), on behalf of the beneficial owner, is pleased to present 1015 March Road, a 12.08-acre development site located at the northern edge of Kanata. The Property sits within the broader Kanata North–South March growth area, a district that has seen substantial planning advancement and steady development interest over the past several years.

The land is already located within the City of Ottawa’s urban boundary. In 2022, the Ministry of Municipal Affairs and Housing expanded the boundary to include the adjacent lands, further strengthening the area’s positioning for long-term urban development. This planning direction provides clarity for future development and aligns the Property with nearby residential expansion already underway.

Positioned near several newly established and emerging communities, the site is surrounded by strong development momentum and benefits from increasing activity in north-west Ottawa. Its location offers a rare opportunity to secure a sizeable parcel in a rapidly evolving suburban node with excellent long-term potential.

PIN:	045261625
Legal Description:	PART OF LOT 13 CON 3 MARCH, BEING PART 2 ON PLAN 4R-23264; EXCEPT MINING RIGHTS AS IN CT187758; SUBJECT TO AN EASEMENT IN GROSS OVER PARTS 1 & 2 PLAN 4R36308 AS IN OC2764794

KANATA NORTH BUSINESS PARK

KANATA NORTH

Kanata North is Canada's largest technology park, home to over 540 companies and more than 33,000 employees. This strategic innovation hub attracts start-ups and multinationals like Nokia, Ford, and Amazon by leveraging a robust talent pool and significant industry clustering.

DEVELOPMENT OPPORTUNITY

The Property offers 12.08 acres, with ~6.1 acres along March Road offering a strong development opportunity for a purpose-built medical centre supported by two additional commercial buildings along March Road. With direct frontage on one of Kanata North's major arterial corridors, the site is well-suited for a mix of healthcare, retail, and professional services that benefit from high visibility and consistent traffic flow.

The current planning framework anticipates a zoning split across the Property to support a variety of uses. The ~6 acres fronting on March Road is proposed to be rezoned to General Mixed-Use (GM), permitting retail, commercial, and mixed-use development. The remaining ~6 acres are proposed for Minor Institutional (I1A) and Residential Third Density (R3Z) zoning, allowing for uses such as a learning institution, medical centre, community-focused facilities, or low-rise residential development.

Located within Ottawa's Suburban West Transect, the site is positioned in an area where City policy encourages complete communities with easy access to everyday services. A medical facility complemented by commercial buildings directly supports this direction, offering a hub for healthcare, wellness, and community-serving amenities for both current and future residents. Centrally located within the Kanata North–South March expansion area and near the Kanata North Technology Park, the Property is surrounded by major residential growth and a large employment base.
