Property Overview

Nicoletti Beverage Center, Inc. presents a rare opportunity to acquire a long-standing neighborhood institution offering the combined purchase of a stable, cash-flowing operating business along with the underlying real estate, inventory, and equipment. The property consists of an approximately 12,000 SF corner-position building with 25-foot clear height under beam, well suited for beverage distribution, retail, and ancillary commercial uses, and benefits from immediate proximity to I-95, providing excellent regional access and logistical efficiency for both retail and wholesale operations throughout Philadelphia and the surrounding counties. This offering is well suited for a strategic operator or investor seeking immediate value-add potential through the expansion of wholesale delivery routes into Center City Philadelphia and surrounding regional markets, the introduction of higher-margin convenience items such as snacks and sundries, the addition of Pennsylvania Lottery Video Gaming Terminals to generate supplemental in-store income, and the activation of an additional storefront within the building that is available for immediate occupancy and capable of supporting a complementary tenant or secondary business use, creating incremental income and operational synergy.
