This \$1.5 billion mixed-use development has transformed and ushered in the next chapter for the entire metropolitan Vancouver/Portland area. This unique, public/private collaborative partnership between the City of Vancouver, Columbia Waterfront LLC and Gramor Development, Inc. created the opportunity to transform the Columbia Waterfront west of the I-5 Interstate Bridge.

Construction commenced November 2015, with the first buildings opening in Summer 2018. Upon its completion, this new urban neighborhood will bring more than 10,000 jobs, as well as over \$385 million (the present value of state and local taxes over the next twenty years) to the region's economy.

To the east of the Waterfront Vancouver USA development is Terminal 1, which is a two-acre mixed use project developed by the Port of Vancouver. The AC Marriott Hotel has opened with office, retail and residential units to follow in 2024.
