THE SITE

This ±100-acre land site near State Route 42 and Sawmill Parkway in Delaware, Ohio, presents a unique opportunity for employers and developers to establish a presence in one of Central Ohio's most rapidly expanding markets. Delaware's strong and steadily growing population is not only fueling demand for housing and services but also creating a deep and reliable workforce that makes the community highly attractive for businesses and employers of all sizes.

The site is strategically located with convenient access to US-23, I-71 and I-270, providing seamless connectivity to the Columbus metropolitan area, a top-tier talent hub, and one of the nation's fastest-growing regions. Companies choosing Delaware benefit from a pro-business environment, a strong labor pool, and the momentum of a community that continues to draw both families and employers at an accelerating pace.

With its utility infrastructure, visibility and unmatched access to people and transportation, Gateway offers a rare chance to align with the economic and population growth driving Delaware forward.

GATEWAY DEVELOPMENT CONCEPT PLAN

BUILD-TO-SUIT

The developer offers the flexibility to deliver high-quality, finished buildings for lease or purchase through a Build-to-Suit process—creating modern, efficient spaces purpose-built to each user's size, layout, and operational needs.

This approach allows users to benefit from a facility designed around their specific requirements, ensuring optimal functionality and workflow efficiency. Whether the need is for office, industrial, or specialized space, the developer's Build-to-Suit capabilities provide a seamless path from concept to completion, resulting in a custom-built environment that enhances performance and supports future growth.
