

GETTING BACK TO BUSINESS IN A SAFE ENVIRONMENT

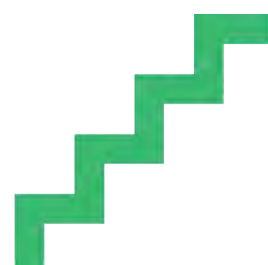

CLEAN AIR

Each office has dedicated air handling units with UV technology and four fresh air changes per hour.

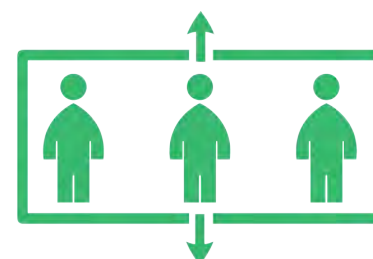

CLEAN WATER

Motion-sensor hot and cold UV filtered water stations on each floor to keep you hydrated and healthy throughout the day.

STAIRCASES

Two center staircases allow for additional means of access and circulation.

WIDE ELEVATORS

Two 10' x 10' x 10' elevators provide ample room for moving people and equipment throughout the workday

DAILY CLEANING

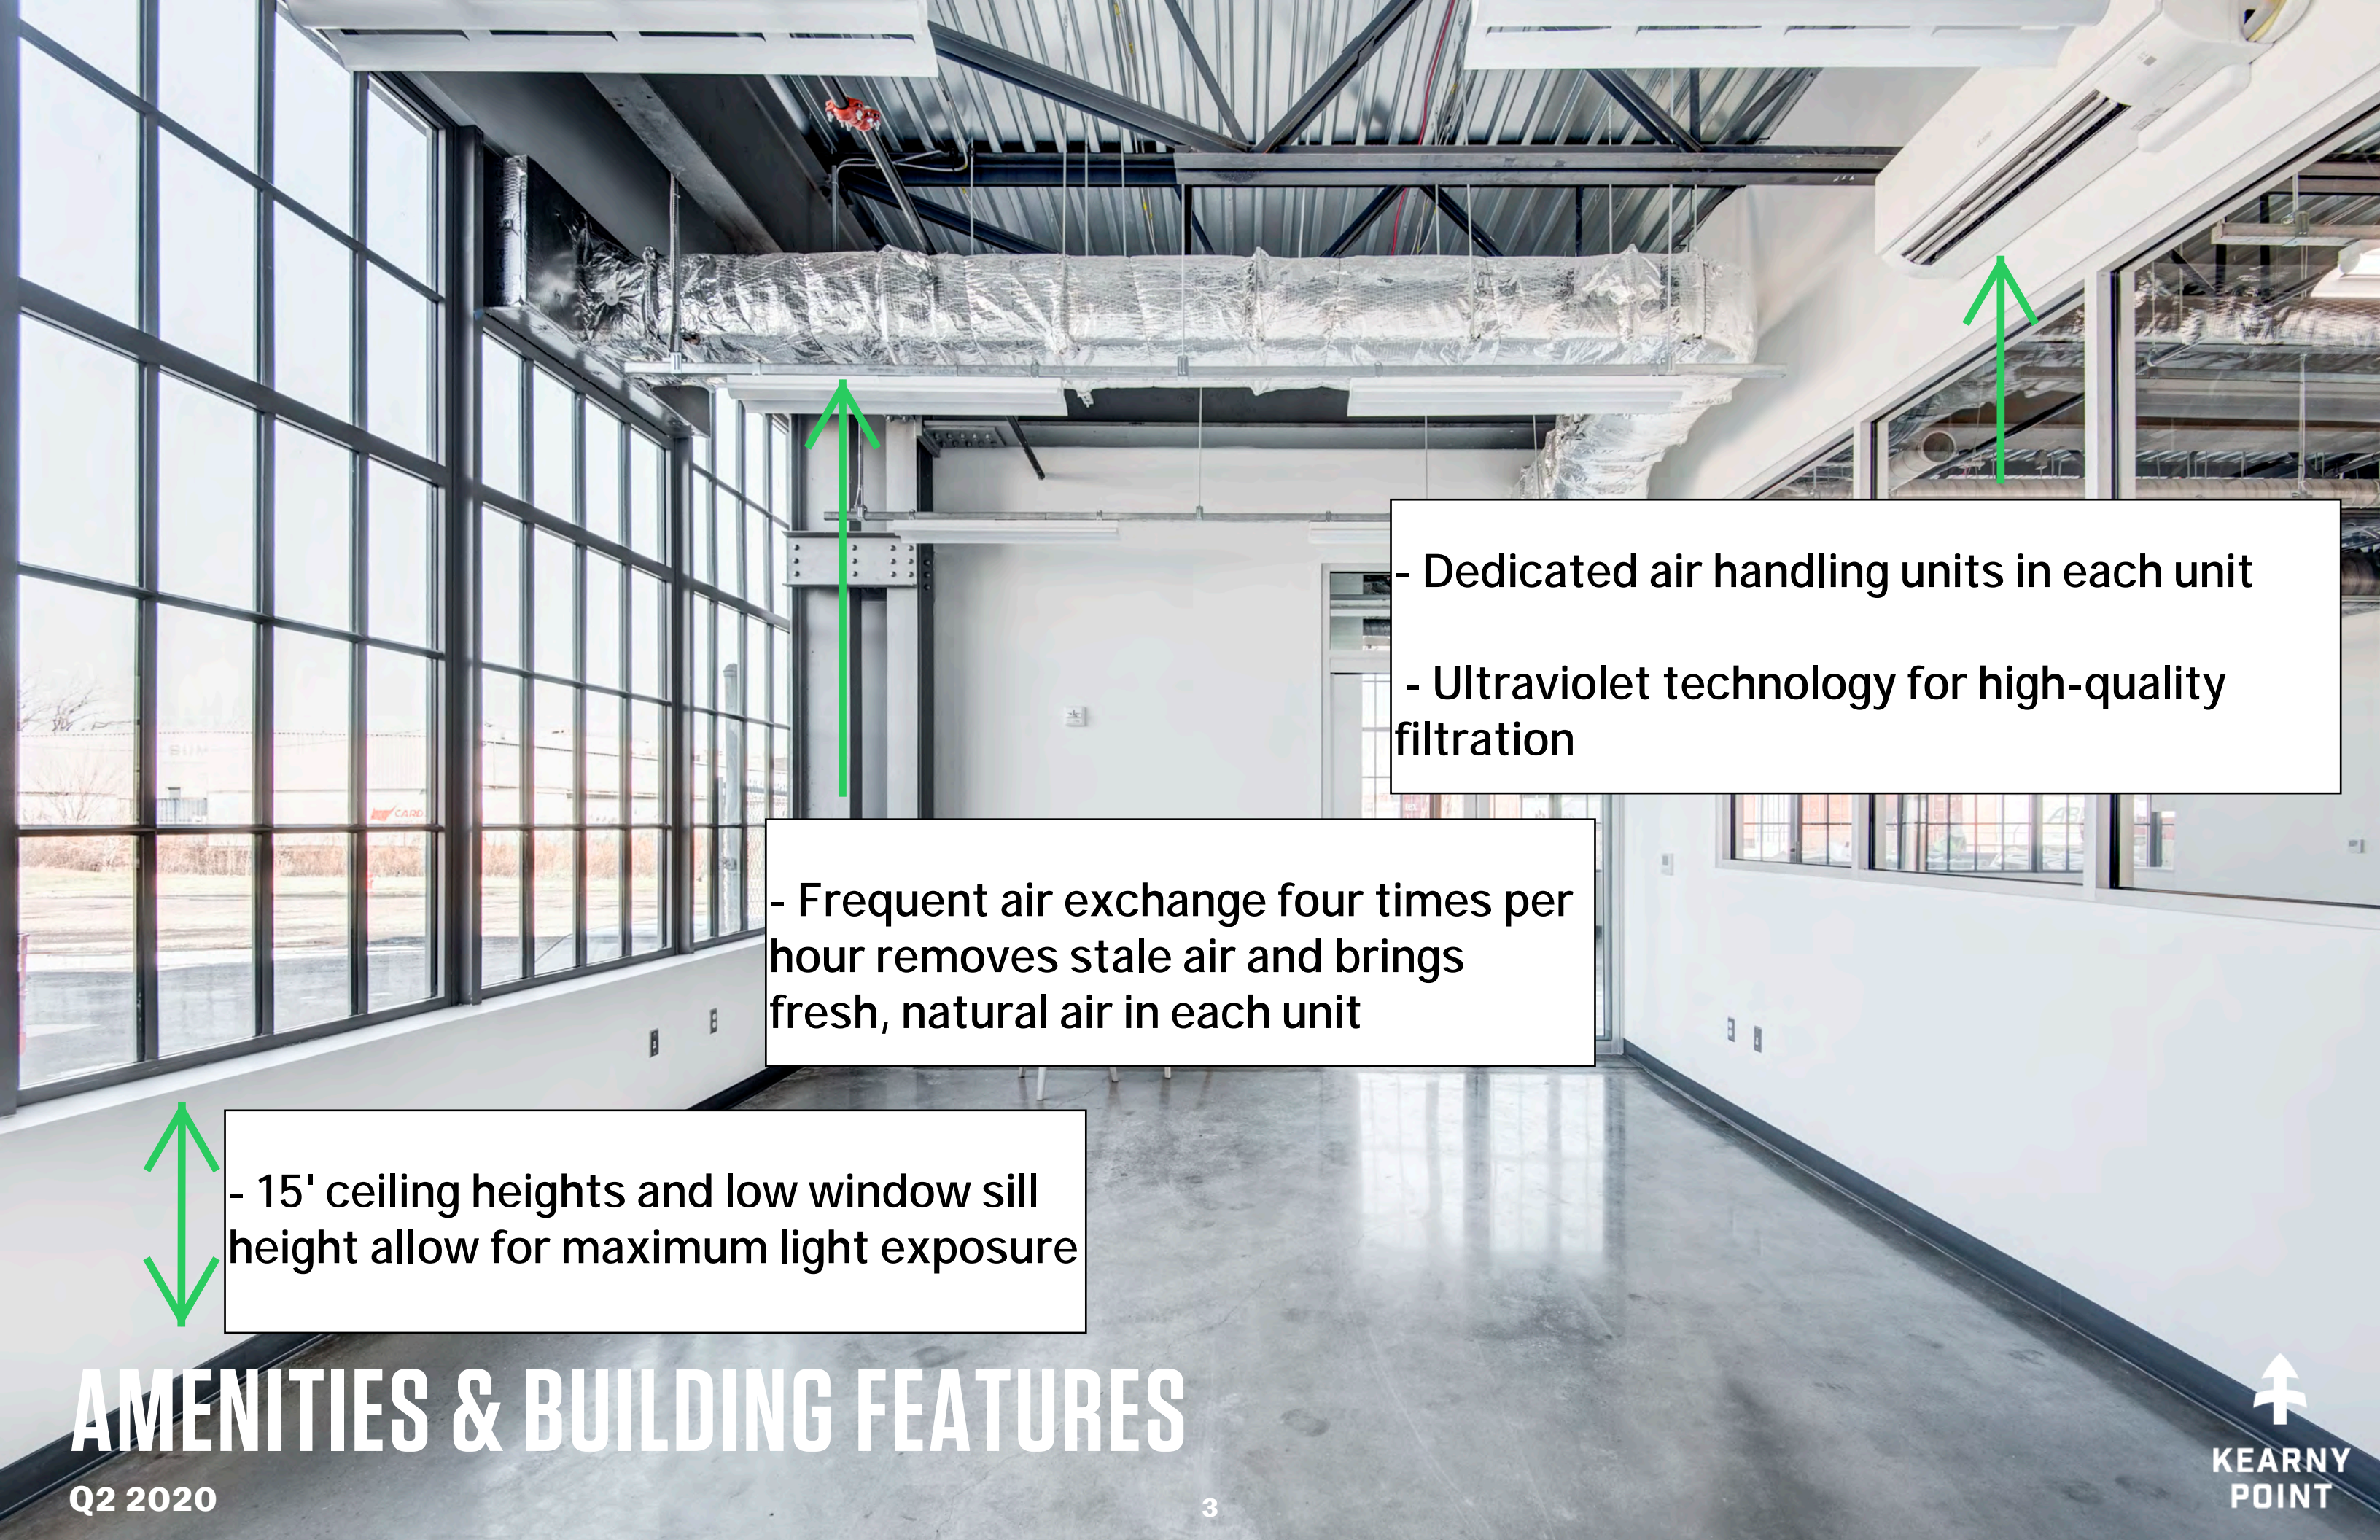

Our janitorial team cleans the building daily using industry-leading protocols, and supplies. In-suite cleaning also available.

FREE PARKING

We offer a 32,000 SF parking lot so you never have to worry about finding and paying for a parking space again.

AMENITIES & BUILDING FEATURES

- Dedicated air handling units in each unit
- Ultraviolet technology for high-quality filtration

- Frequent air exchange four times per hour removes stale air and brings fresh, natural air in each unit

- 15' ceiling heights and low window sill height allow for maximum light exposure

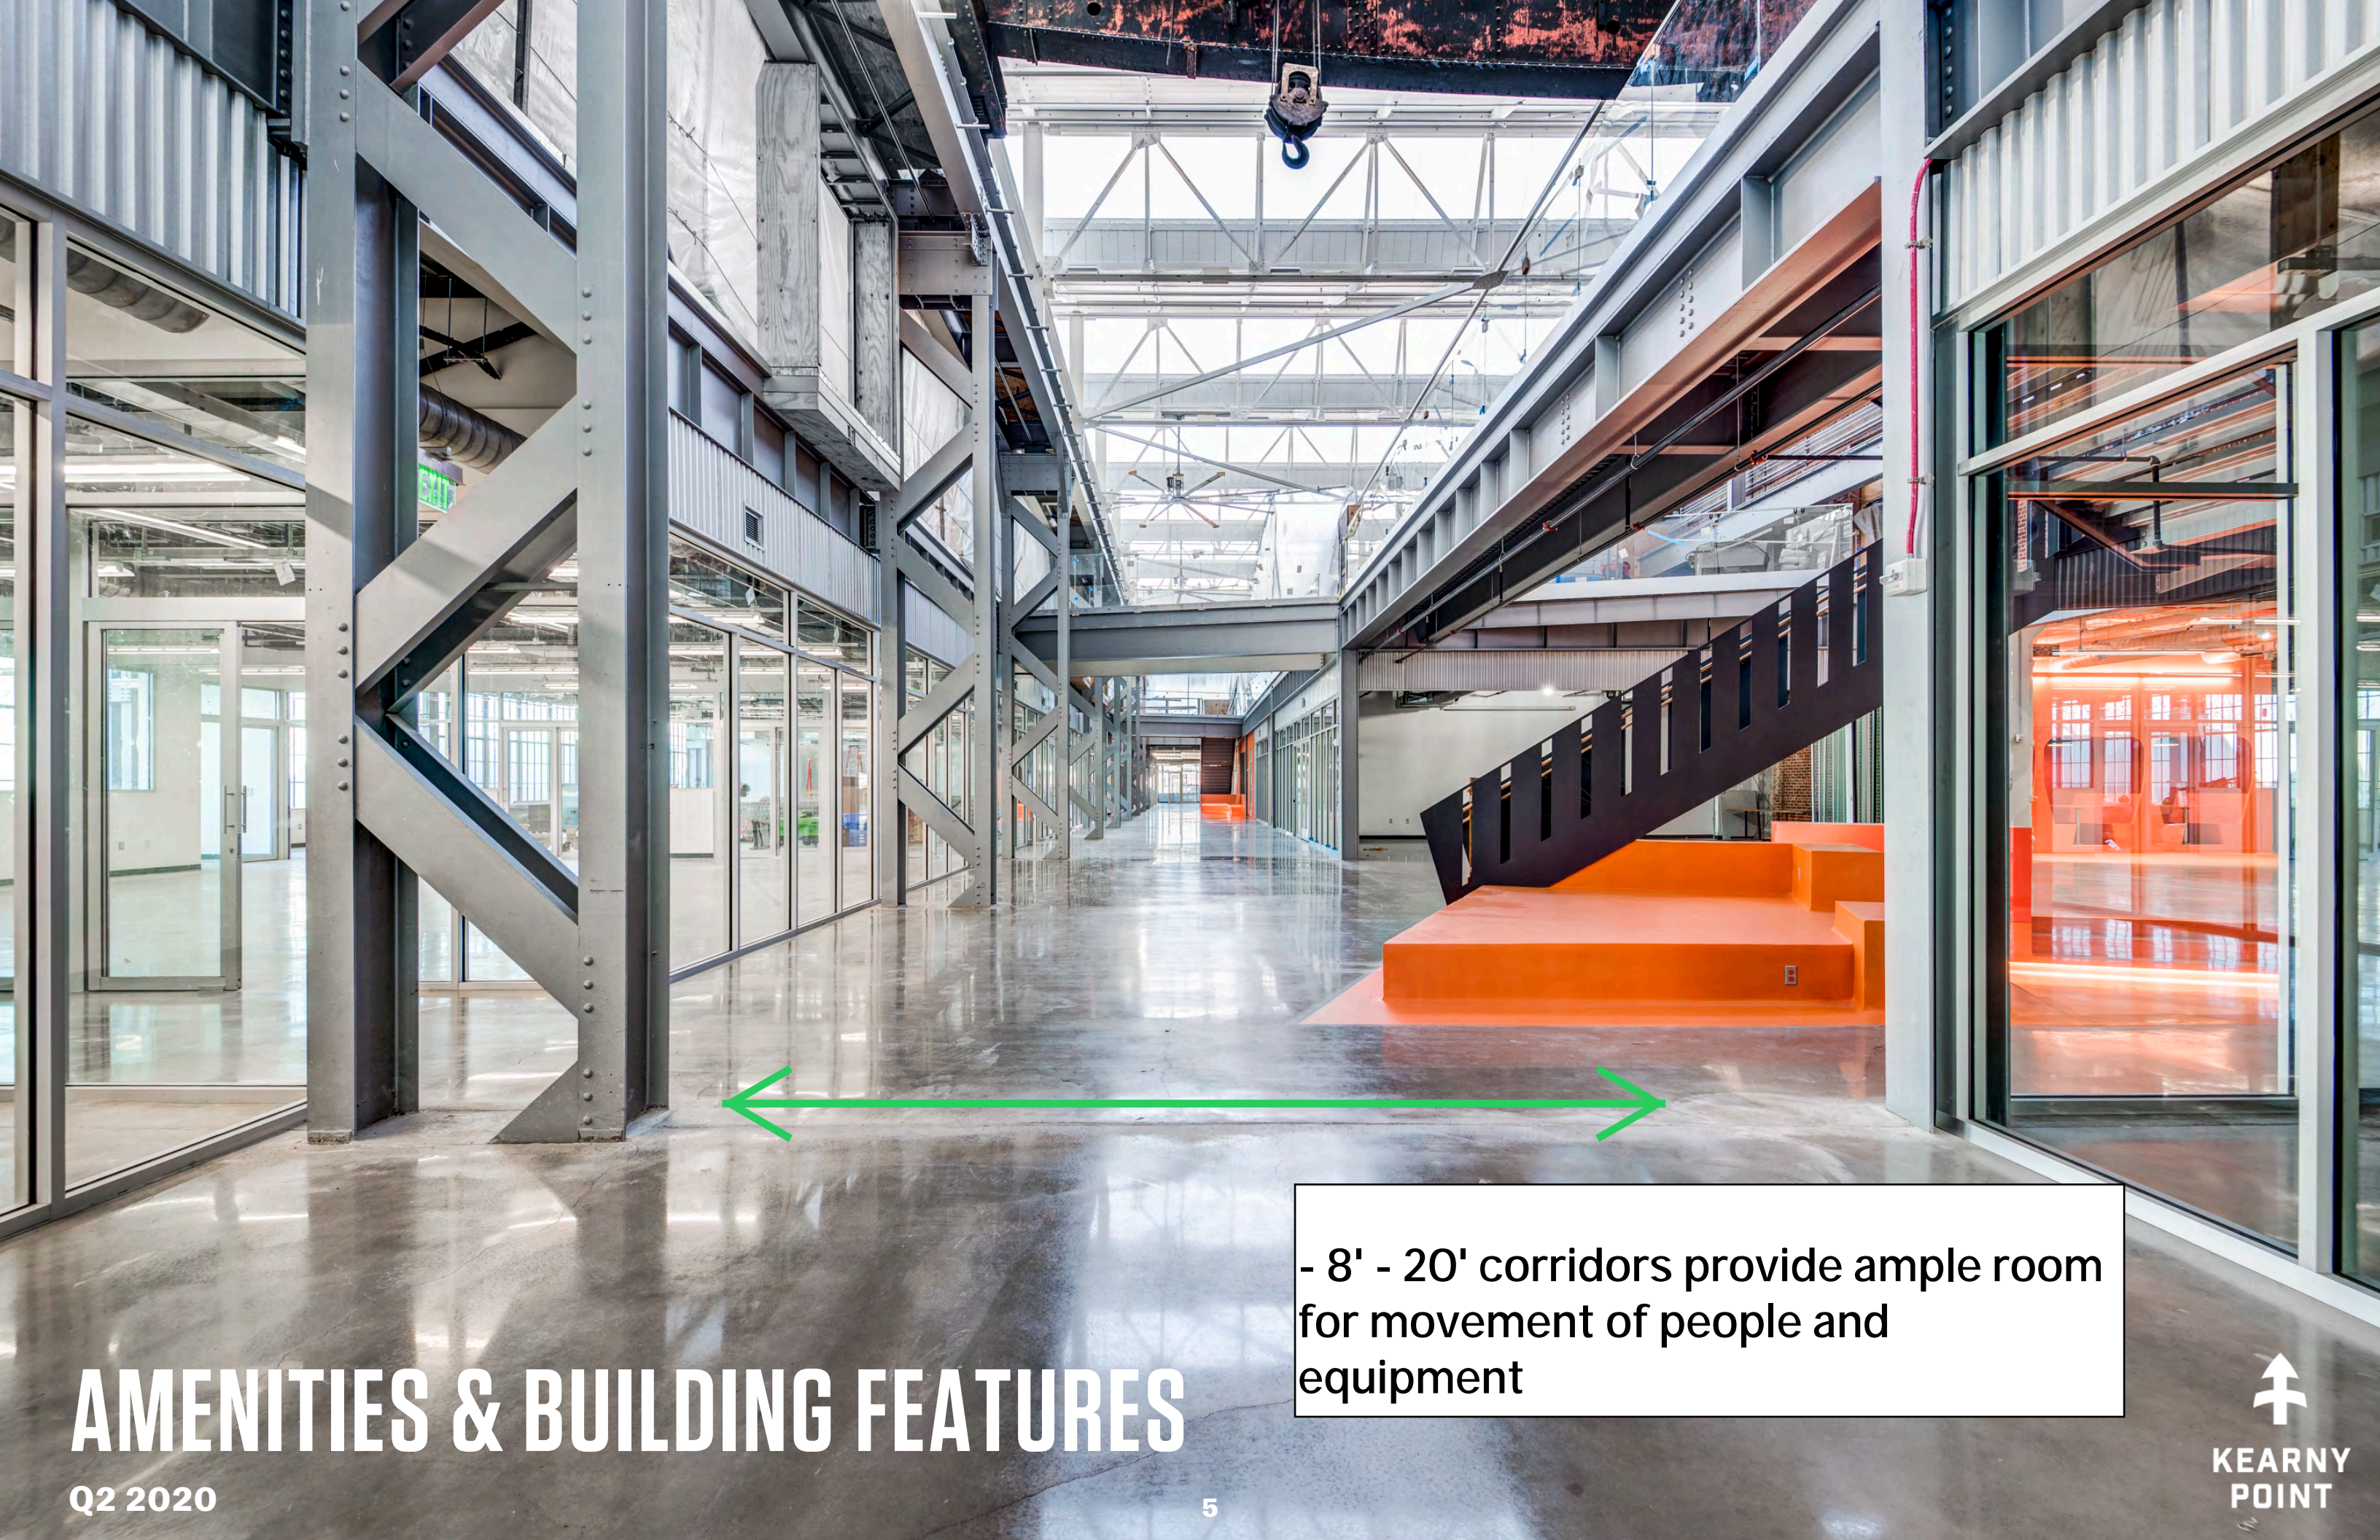

AMENITIES & BUILDING FEATURES

- Two center staircases allow for additional means of access and circulation.
