Take advantage of this exceptional owner-occupy opportunity in the heart of Mountain View! This solid cinder block building, currently used for automotive purposes, offers a versatile space with endless possibilities. Built in 1964, the property features 3,312 square feet of building space on a generous 7,601 square foot lot.

Located on the bustling El Camino Real, just steps away from Castro Street, this property enjoys excellent visibility and high traffic in one of the most sought-after areas in Mountain View. Whether you're looking to continue its current use or repurpose the space for your business needs, this location provides the perfect canvas for growth and success.

Don't miss this rare opportunity to own a piece of prime real estate in a vibrant and thriving community. Contact me today for more information and to schedule a tour!
