History

Fleet Response is a family-owned company that was founded in Cleveland, Ohio, in 1986 as Rental Concepts Inc. (RCI).

The original focus of the organization was to manage temporary business rentals. However, as the needs of our clients evolved, so did RCI, expanding in 1997 to include accident and maintenance management programs under the name Integrated Vehicle Systems (IVS).

In 2003, RCI and IVS combined to create Fleet Response, one company that offers comprehensive custom fleet services. A full safety program was added in 2005, and in 2012 with the FleetSuite® launch, a proprietary online tool offering real-time access to claims, maintenance and safety data.

Fleet Response has grown steadily with over 100 clients currently being served. Those clients include Fortune 500 companies with fleets ranging from 50 to 25,000 vehicles. With a nationwide network of vendors and more than 500,000 vehicle service providers, Fleet Response clients include insurance companies along with corporate, truck, rental, heavy equipment and government fleets.

Fleet Response has more than 500 employees who provide support for accident, maintenance, and safety programs. Fleet Response is a member of NAFA, RIMS, NAMIC and the National Association of Subrogation Professionals. Fleet Response is I-CAR Gold certified, and every adjuster is I-CAR Platinum trained, and ASE certified.
