Why San Antonio?

Discover the Alamo City

The strength of the city's economic structure is its diverse business culture, making San Antonio's economic performance in recent years among the strongest of the large cities in Texas. Military, tourism, logistics, healthcare, business, and tech industries are key factors in helping the Alamo City maintain one of the strongest job markets in the nation. San Antonio is known as one of the most economically stable cities in the nation, boasting one of the lowest unemployment rates in the U.S., while maintaining a vibrant yet affordable lifestyle and business environment.

Over 2.5 million residents

7th largest metro area in the US

3rd largest city in Texas

3rd fastest growing us city, 2010-2019

18,100 jobs added, March 2019-March 2020
