# BUSINESSES + TALENT ARE CHOOSING DETROIT

The Detroit region is home to more than 120,000 businesses, 17 Fortune 1000 companies, 5.4 million people and some of the top educational institutions in the world. The business-friendly region has the talent, resources and cutting-edge facilities that drive innovation.

## AFFORDABILITY

The cost of space and talent in Detroit is lower than in other major markets, which allows for more investment opportunities.

## TALENT

The Detroit region leads the nation in engineers per capita, thanks in large part to its proximity to world-renowned colleges and universities that issue thousands of STEM degrees each year.

## CAPACITY

In 2021, Michigan continued its strong economic recovery with a 10.29% growth in real GDP. Bloomberg ranked Michigan's economic improvement the best among the 37 states with a population greater than 2 million.

## BUSINESS-FRIENDLY

After reworking its approach to business and development this decade, Detroit and the state of Michigan have adapted their respective approaches to attracting and retaining businesses. In 2023, CNBC ranked Michigan #10 in America's Top States for Business.<sup>1</sup>

## MILLENNIAL POPULATION GROWTH

# +52%

The population of adults ages 25-34 in Greater Downtown Detroit has increased by 52% since 2013.<sup>2</sup>

## INCREASED SPENDING POWER

# \$11.4B

# BUILDING TALENT

Southeastern Michigan is home to one of the most robust higher-education regions, with schools like the University of Michigan, Michigan State University and Wayne State University annually ranking among the best research institutions in the nation each year.

The Detroit region employs nearly 300,000 people in science, technical, engineering and math (STEM) occupations.

From high-tech to skilled trades, Michigan is on its way to becoming one of the top states in the nation for job creation. Developing talent for jobs that are in-demand right now and in the future is a top priority for the state.

**2.5X THE NATIONAL AVERAGE**

The city's STEM occupation job growth is nearly triple the national average rate since 2010.<sup>1</sup>

## 2ND IN INNOVATION POWER

The University Research Corridor (URC) is a collaborative partnership with the University of Michigan, Michigan State University and Wayne State University.

Their research has led to advancements in medicine, mobility and business, and the most recent study showed that the URC had a statewide economic impact of \$18.7 billion and generated 78,845 jobs.

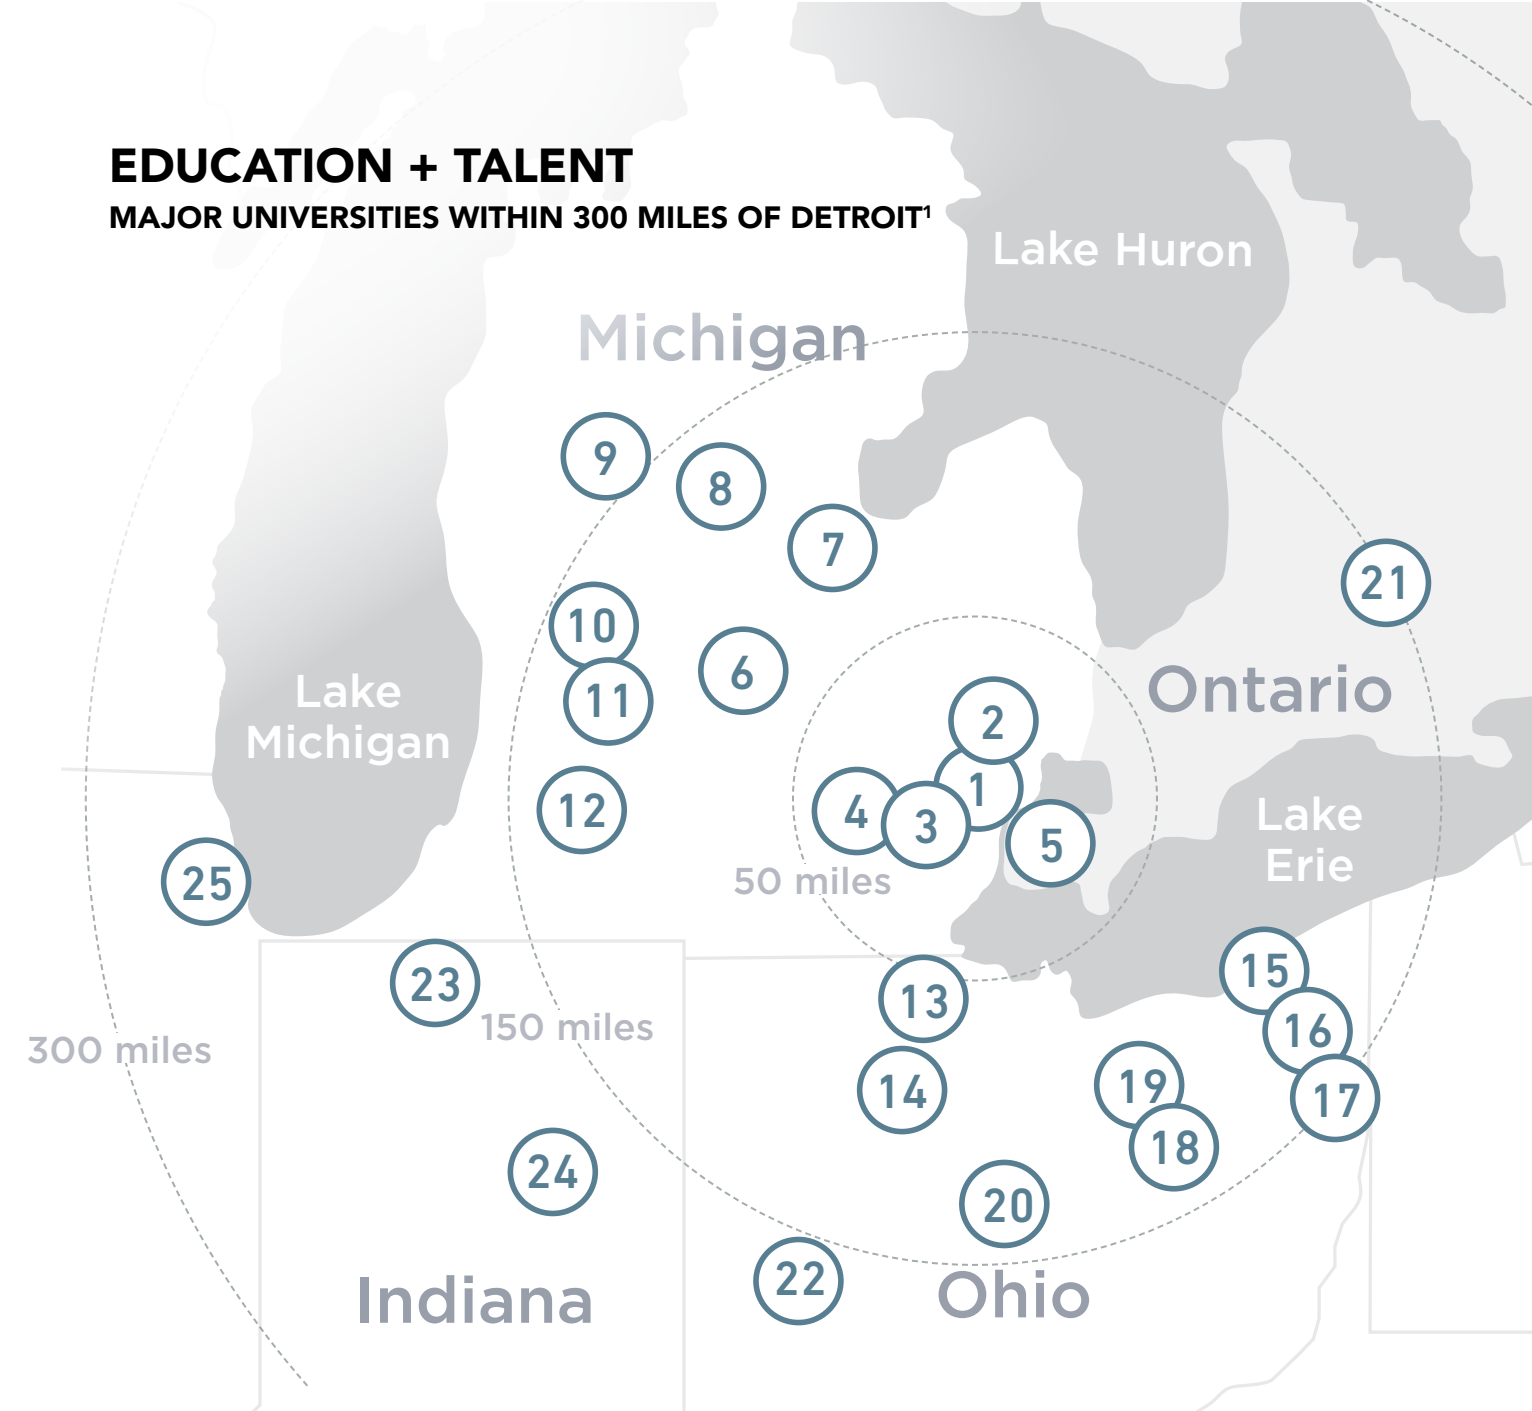

URC is the number-one university cluster in the United States, not only attracting talent from around the world, but also delivering one of the strongest talent bases in the country. Additionally, URC is ranked second in innovation power in the nation – using talent, technology, research and development as metrics.<sup>2</sup>
