Property Summary

This rare site is one of the last large industrial parcels in Boulder, located minutes from IBM, Highway 52, and Highway 119 and close to restaurants, shopping, and beautiful hiking/biking trails around North Boulder. The site is in the Gunbarrel Tech Center, with prominent companies nearby, such as Emerson, Lockheed Martin, Northrup Grumman, Medtronic, and Celestial Seasonings. This location is the perfect opportunity for high-tech, industrial/flex, aerospace engineering, biotech, and similar companies looking for a build-to-suit option in Boulder. Ownership would also consider a joint venture or outright land sale, ideal for forward-thinking owner-users and developers. The zoning allows for office, research facilities, manufacturing, warehouse, distribution, showroom, software, biotech, food processing, engineering, and other related uses. Over 1,000 apartment units have been added in Gunbarrel over the last two years. Nearby retail amenities include Cottonwood Square & Gunbarrel Square, and Avery Brewing Company. Tenant occupancy estimated roughly 15-18 months from lease execution.

Quality Workforce, Unique Lifestyle

The Northwest Denver Market holds one of the best educated metropolitan work forces in the Nation, and the highest trained labor force in Colorado. Colorado has one of the largest groups of public college and university employees in the U.S., exceeding the national average by sixty percent. Eighty eight percent of the Metro area's population has completed twelve years of education. Thirty seven percent have completed sixteen or more years.

2025 Demographic Summary	2 mile	5 mile	10 mile
Population	12,427	52,902	327,101
Households	5,725	22,453	129,948
Avg Household Income	\$148,398	\$142,510	\$132,661
