# DEMAND DRIVERS

## LOCAL

WesBanco Arena

Oglebay Park

Outside of the vast draw of the Highlands and the influx of the oil and gas industry, Wheeling also offers many demand drivers for potential guests.

**Education:** Ranging from technical schools to traditional four-year schools, there are seven colleges in the Wheeling MSA.

**Arts and Culture:** The Capital Theatre, Wheeling Symphony, Oglebay Institute, Heritage Music Bluesfest, Jamboree in the Hills (100,000+ visitors), and Centre Market offer events all year.

**Entertainment:** WesBanco Arena is a multi-purpose arena that is home to the Wheeling Nailers hockey team. Oglebay Park has a variety of entertainment offerings such as golfing, swimming, spas and dining. The Festival of Lights (regional draw), Good Zoo, Schrader Environmental Center and more.

**Recreation:** Recreational opportunities include golfing (six golf courses in Ohio County), downhill skiing, skateboarding (12,000 SF outdoor concrete skatepark), cycling, running, boating, tennis, soccer, ice skating, and more.

**Healthcare:** Across two hospitals, Wheeling has 570 patient beds and 4,000 employees.

**Housing:** Within 0.25 mile of the subject property is Highland Park, a 222 luxury apartment/townhome complex.

**Coming soon to Triadelphia:** \$30 Million Sports Complex. The sportsplex is planned for 10 to 15 acres of undeveloped property behind the Marquee Cinemas and well in front of Cabela's distribution center. The project likely will entail the construction of two large buildings, with a connector building between. They are expected to house six indoor basketball courts, three to four indoor soccer fields, training rooms, small locker rooms and some children-type attractions.

### MARCELLUS & UTICA SHALE OIL AND GAS

Marcellus and Utica Shale activity has led to a significant increase in activity in the area. "According to the U.S. Energy Information Administration's May 2018 report, the Appalachian Marcellus and Utica shale plays account for more than 40 percent of U.S. natural gas output, compared to only three percent a decade ago. Since then, the Appalachian Basin has become recognized in the U.S. and around the world as a major source of natural gas and natural gas liquids."<sup>1</sup>

"The U.S. Energy Information Administration predicts that U.S. energy consumption and production is most likely set for modest growth over the next 30 years."<sup>1</sup>
