RE: Case Closure for 120 San Miguel Canyon Road

Dear Mr. and Mrs. Tyler,

The Monterey County Health Department, Environmental Health Bureau, Hazardous Materials Management Services (HMMS) oversees the clean-up of soil contamination within Monterey County. The HMMS has reviewed the case closure summary issued by the Central Coast Regional Water Quality Control Board for the above-referenced address.

This letter confirms the successful remediation of the contaminants of concern listed in the above-referenced report. Thank you for your cooperation throughout this investigation. Your willingness and promptness in responding to our inquiries concerning the soil contamination is greatly appreciated.

Based on the information in the above-referenced report and with the provision that the information submitted to this agency is accurate and representative of site conditions with regard to the soil analysis, no further action is required.

Please note that if additional and/or previously unidentified contamination is discovered at this location, additional work may be required. If you have any questions or need additional information please call me at (831) 755-4724 or email at krenzmt@co.monterey.ca.us.

Sincerely,

Matthew Krenz, REHS
Environmental Health Specialist II
