WIDENING OF FM-620

The FM-620 Overlay Zoning District is being developed to manage the impacts of the upcoming FM-620 expansion. The TxDOT project will widen FM-620 to six lanes with medians, turn lanes, and shared-use paths. While TxDOT focuses on engineering, the overlay district study considers the broader transportation, economic, and social impacts. It will address both positive and negative effects on commercial properties along the expanded road. The expansion runs from US-183 in Austin to SH-71 in Bee Cave.
