Perfomance Incentives

To support growing companies, the City may offer annual performance-based cash incentives that return a percentage of payroll withholdings (2% of wages) back to the employer. Using the company's job creation and payroll projections, the City may structure a multi-year incentive, issuing annual payments equal to a set percentage of total payroll withholdings paid to the City.

Relocation Grants

Relocating or building out office space can be costly—especially when investing in modern wiring and technology infrastructure. To support growth, the City offers Technology and Relocation Grants designed to reduce these upfront expenses. Grant values are customized for each project and reflect the company's total investment, new and retained jobs, and related project costs.
