MUSIC ROW NORTH

This area serves as a gateway to the Gulch, Midtown, and Downtown. It is intended to promote growth with high-rise development containing a mixture of uses and commercial activity. The area offers a high energy urban experience, with towers activated by engaging and inviting ground-floor retail. A diverse mix of office, residential, retail, hotel, restaurants, and bars makes this area a center of activity around the clock.

LONG RANGE PLANNING SUB-DISTRICT 1B

Sub-district 1B within the Music Row North character area is primarily comprised of properties fronting on Broadway, Division, Demonbreun, and 19th Avenue South. This sub-district is a focal point for recent mid- to high-rise development activity. The construction of Adelia in 2009 attracted high-rise developers to this area. Since that time, nine rezonings for high-rise developments, ranging from 20 to 25 stories, have been approved. Many are completed or currently under construction.

Recommended uses: Mixed-use with active retail, bars, and restaurants; office; live music venues; hotels; residential. In large building footprints, multiple public facing uses are encouraged to maximize activity, including activity on the weekends and evenings.

Recommended form: Large-scale development; property assemblage is appropriate to achieve mid- to high-rise development pattern; height bonuses (TDR receiving area) appropriate in this area in exchange for historic preservation and/or music related uses to be defined by a Music Row Code; 15 stories by right, up to 20 stories with preservation and commitment to music uses.

15 Stories By Right, Up to 20 Stories with preservation and commitment to music uses
