INVESTMENT HIGHLIGHTS

UNIQUE DEVELOPMENT OPPORTUNITIES

The sites have the unique ability to build premium view towers with heights up to 55 stories for the southwest corner, and a tower up to the FAA limit (Columbia Center height) on the southeast corner half block.

PREMIER DOWNTOWN LOCATION

Conveniently located in the Financial District, across from the Columbia Tower, Rainier Club, and Metropolitan Grill, this location boasts a walk score of 99 out of 100.

ADDED INCOME

Parking garages on both sites are currently in operation and offer the opportunity for additional cash flow.

An abstract graphic composed of numerous thin, light-colored lines that intersect to form a complex, three-dimensional grid-like structure. The lines are arranged in a way that suggests depth and perspective, with some lines converging towards a vanishing point on the right side of the frame. The overall effect is a dynamic, architectural-looking pattern.

LOCATION OVERVIEW

Section 03

SEATTLE'S MARKET IS RIPE FOR CHANGE

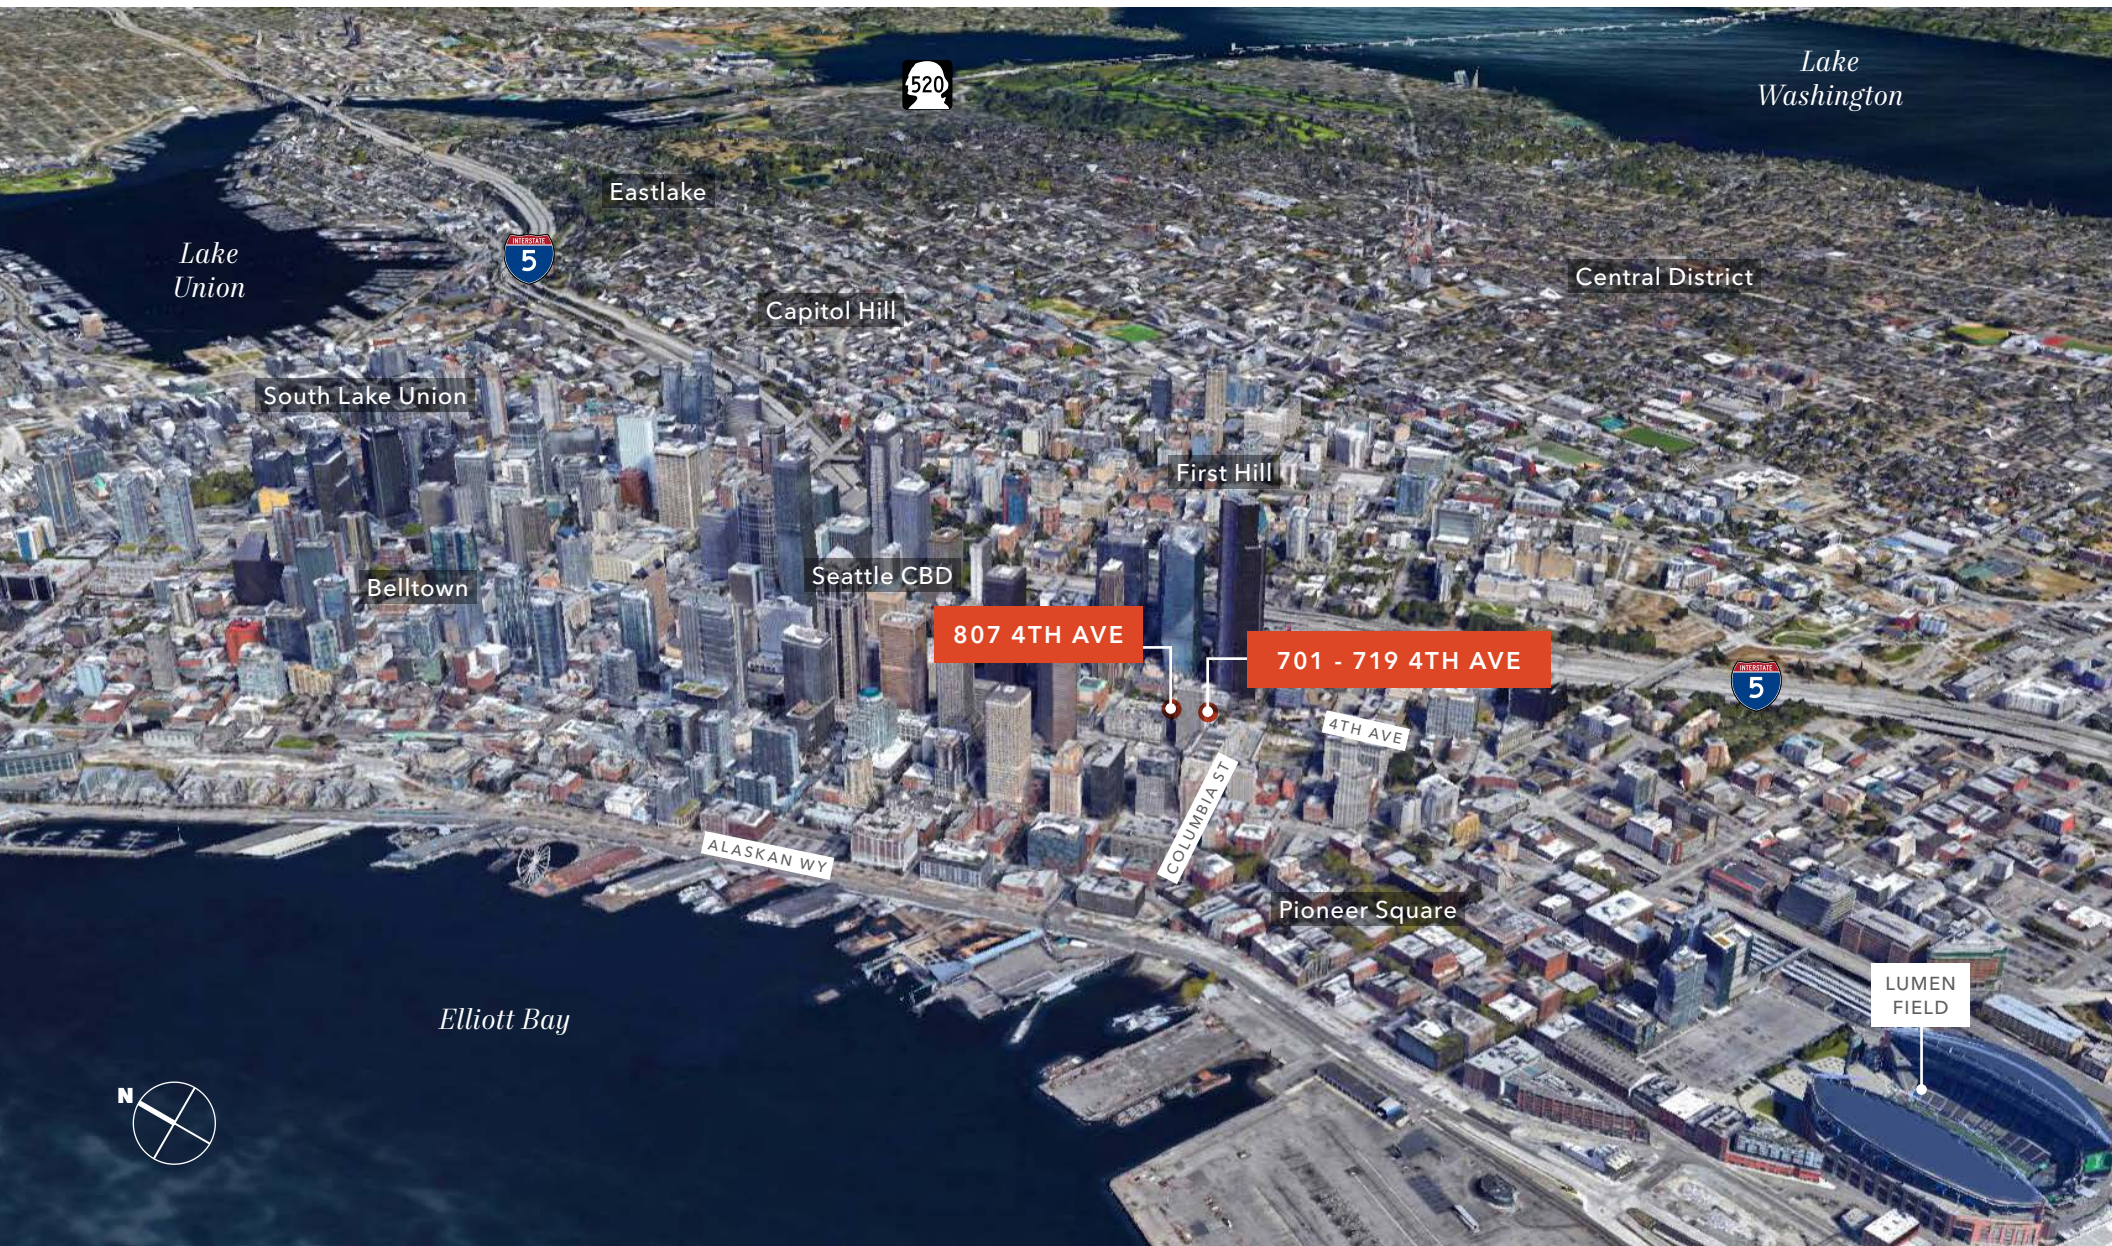

701 and 807 4th Ave are a couple of the most centralized locations in Seattle, adjacent to the best restaurants, retail amenities, services, and public transportation in the city.

As of 2022, the population is over 749,000, making it the largest city in the state of Washington. The metropolitan area of Seattle has over four million people, making it the 15th-largest in the United States.

Many tech industry giants such as Microsoft, Meta, and Amazon have also made Seattle home, making the city a great place to find employment. The industry also makes up nearly 30% of the local economy, where employees make up 12.9% of the workforce.

Public transportation is also continuing to grow with additions to Seattle's light-rail line. Lines connecting from Downtown Seattle to Bellevue, Redmond, Redmond Tech, Northgate, and Shoreline are all scheduled to be finished in 2024, while King County Metro has also partnered with tech company Via to launch a ride-on-demand service that costs the same as bus fare in 2023.
