Mr. Khan,

This is Chris from the permit office. The property in question did have a Used car dealership U & O in 1972. Permit #2139-72 So you could open that up with just a zoning certificate if no work is being done. Which would require a site plan, and floor plan. If you plan on the repair and car wash, you would need to fill out the D.A.C. waiver for approval on those uses. (attached). Then you would need to talk to Harold Boling to find out what he would need for building plans. In addition to what he would need, you would still need the site plan and floor plan. His number is 410-638-3366 ext. 1442.

If you have any other questions, please feel free to contact me.

Thank you and have a great day

Chris Rexroth

Planning Assistant II

220 South Main Street
