

Project Overview

Phase 1 Route

The Red Line will run from Broad Ripple through downtown Indy to the University of Indianapolis, connecting several neighborhoods, major employers and cultural institutions with frequent, comfortable rapid transit service. The route will come within a quarter mile of more than 50,000 residents and nearly 150,000 jobs – a quarter of all jobs in Marion County.

Throughout most of the day, buses will arrive every ten minutes, and the Red Line will operate for 20 hours each day, 7 days a week.
