§ 157.290 PURPOSE AND INTENT.

- (A) The purpose of the C (Commercial) Zoning Districts is intended to provide area for commercial uses based on considerations such as the intensity of the use, goods and services provided, and the market area. In all cases, these Zoning Districts shall abut an arterial or major collector street. All permitted uses in C-3 are allowed within the Manufacturing Zones.
- (1) For the C-1 Zone: Neighborhood Commercial Zone is intended to provide commercial services to an area of limited size for basic trade and personal services which occur regularly or frequently. The major market area for this Zoning District is the adjacent residential areas. This type of zoning district should be located at the intersection of arterial or collector streets. It services both pedestrian and vehicular traffic.
- (2) For the C-2 Zone: Community Commercial Zone is to provide a range of commercial uses greater than that of the C-1, but at a lower intensity than the C-3 Regional Commercial Zone. The basic market for this Zoning District is vehicular-oriented. This type of zoning district is best located at the intersection of arterial streets.
- (3) For the C-3 Zone: Regional Commercial Zone is to provide an area in which a full range of commercial and professional uses may locate in a limited area. The limited area of this Zoning District functions to heighten the intensity of use, concentrate activity, and make it a community focal point. These zoning districts should abut major arterial streets and be located near freeway access, as well as mass transit lines.
- (B) **COMMERCIAL AREA, COMMERCIAL ZONE** shall mean any area of the city with a zoning designation of C-1, C-2, C-3, CBD, PI, and PCR under this subchapter, and the abutting public streets and public premises.

- (1) The City Manager, or his or her designee, shall determine the appropriate classification for each commercial application.
- (2) In the event that no specific commercial designation, as outlined in this section, is applicable to the use requested in the commercial application, the City Manager, or his or her designee, shall review the application and may make one of the following decisions:
 - (a) Determine the closest designation and whether a conditional use permit is necessary;
 - (b) Shall forward the application to the Planning Commission for the Commission to determine a designation, and

whether a conditional use permit is necessary; or

- (c) Deny the application and issue findings regarding the reason for the denial.
- (3) The City Manager, or his or her designee, has the authority and may approve the application of commercial entities that have little to no impact on adjacent parcels or businesses.
- (4) All determinations or denials by the City Manager, or his or her designee, may be appealed to the Planning Commission for review.

(Prior Code, § 22.10) (Ord. 2-92, passed - -1992; Ord. 21-2021, passed 7-21-2021)

- (A) Temporary storage units, containers, or structures are allowed in these Zones for the loading and off-loading of supplies or inventory. They may be stored on-site for up to 30 days; provided they are not able to be seen from any major corridor in the city, do not take up required customer parking, are not on landscaping, and are placed behind buildings or fences that are not see through. Any exception to this shall require a conditional use permit from the Planning Commission.
- (B) Permanent use of temporary storage units, containers, or structures may be allowed with a conditional use permit, which shall include a site plan and any required building permits. (Note: they shall not be allowed in any Commercial or Manufacturing Zone(s) on lots of less than one acre.)
- (C) A temporary storage unit, container, or structure must be placed on a hard surface such as gravel, road base, concrete, or asphalt, and made to look like the main structure on the property, including the use of similar building materials and colors. Any exceptions, as well as the number of units, containers, or structures, and the location shall be subject to approval from the Planning Commission.
- (D) All tractor trailers on an agricultural, residential, or commercial parcel shall be licensed and registered with the state and must be actively used. Trailers not involved in a construction project that remain in a fixed location for over 30 days shall be subject to fines, impoundment, and removal by the city.

- (A) Enforcement and fines. Upon a determination that a violation exists, the Code Enforcement Officer, or his or her designee, will contact the owner and shall require such owner to halt, eradicate, destroy, remove, or otherwise cure the violation within 48 hours, or such later time the Code Enforcement Officer, or his or her designee, may determine.
- (B) *Pre-existing conditions*. In the instance of an existing storage unit, container, or structure that has been established for a permanent use, the owner shall have a pre-existing right, shall be a legally nonconforming use, and shall not be required to come into compliance with the new requirements adopted July 21, 2021. The following conditions do, however, apply to any such unit(s) as of the adoption of the original ordinance on April 10, 2020:
- (1) Residential and Agriculture Zones. Temporary storage units, containers, or structures shall not be allowed in any Residential or Agricultural Zone on lots of less than one acre. It must be placed on a hard surface such as gravel, road base, concrete, or asphalt, and made to look like the main structure on the property, including the use of similar building materials and colors.

- (E) Temporary storage units, containers, or structures are allowed in these Zones for the loading and off-loading of supplies or inventory. They may be stored on-site for up to 30 days; provided, they are not able to be seen from any major corridor in the city, do not take up required customer parking, are not on landscaping, and are placed behind buildings or fences that are not see through. Any exception to this shall require a conditional use permit from the Planning Commission.
- (F) Permanent use of temporary storage units, containers, or structures may be allowed with a conditional use permit, which shall include a site plan. A temporary storage unit, container, or structure must be placed on a permanent foundation, and made to look like the main structure on the property, including the use of similar building materials and colors. A building permit and a site plan is required for the location of the unit, container, or structure, to be filed in conjunction with the requested conditional use permit. Any exceptions, as well as the number of units, containers, or structures, and the location shall be subject to approval from the Planning Commission.
- (G) All tractor trailers on an agricultural, residential, or commercial parcel shall be licensed and registered with the state and must be actively used. Trailers not involved in a construction project that remain in a fixed location over 30 days shall be subject to fines, impoundment, and removal by the city.
