## Town of Cary

## GRAVITY SEWERS, PUMP STATIONS, AND FORCE MAINS APPLICATION

**INSTRUCTIONS:** Indicate that you have included the following list of required application package items by signing your initials in the space provided next to each item. Failure to submit all required items will lead to additional processing and review time for the permit application.

## **ALL PROJECTS**

- **A. Application Form** Submit one electronic (PDF) copy of the completed and appropriately executed application form as indicated in step E.. The application form shall be signed as follows:
  - in the case of a corporation, by a principal executive officer of at least the level of vice-president, or his duly authorized representative;
  - (2) in the case of a partnership, by a general partner, and in the case of a limited partnership, by a general partner;

(4) in the case of a	sole proprietorship, by the proprietor; municipal, state, or other public entity by either a principal executive officer, ranking			
elected official, o	or other duly authorized employee.			
PROJECTS SUBMITTED VIA TOWN OF CARY SITE PLAN REVIEW				
additional copies are req Standard Specifications, Gravity Sewer Minimum Permitting of Pump Static licensed Professional Eng C. Engineering Calculation include at a minimum: floodynamic head calculation	Extension plans are submitted via the Town of Cary site plan review process. No uired. These plans shall conform to the most recent versions of the Town of Cary North Carolina Department of Environment and Natural Resources (NCDENR) Design Criteria, and NCDENR Minimum Design Criteria for the Fast Track ons and Force Mains. Plans shall be signed, sealed, and dated by a North Carolina gineer.  Pons - Submit one set of Engineering Calculations. Engineering Calculations shall be up quantity calculations, flow velocity calculations, pipe capacity calculations, total ons and system curves, pumping cycle calculations, and structure buoyancy g Calculations shall be signed, sealed, and dated by a North Carolina licensed			
D. Application Fee - The \$480/each permit. This fe Note: Phased Plans may	fee for projects permitted via the Town of Cary Site Plan Review process will be e will be collected during the ITD review process prior to project approval. require multiple permits.  I - Submit application and all supporting documents as indicated during the site			
plan review process.	1 - Submit application and all supporting documents as indicated during the site
