The former headquarters of Armstrong World Industries, **Liberty Place** has transformed into a thriving commercial destination near and dear to Lancaster City. Originally built in 1926, its preserved interiors of solid walnut doors, marble accents, and chestnut chair rail are now complimented with fresh pops of color, redesigned carpeting, and custom light fixtures found throughout the building. Welcoming a wide range of businesses and their guests, tenants enjoy a building greeter, elevated finishes, friendly neighbors, and much more.
