WAREHOUSE & LOADING

SPACE THAT ACTUALLY WORKS

20'

Warehouse clear height — racking, mezzanine or lift-friendly

14'

Roll-up doors at rear grade level, drive-up loading

ESFR

Sprinklered warehouse for high-piled storage flexibility

Generous truck courts and a shared community forklift mean tenants load without owning the equipment.

PROPERTY AMENITIES

SHARED INFRASTRUCTURE, INCLUDED

01

CCTV MONITORING

Camera coverage across all three buildings, drive aisles and parking. Security a single tenant could not justify alone.

02

COMMUNITY FORKLIFT

A shared forklift on site, so tenants receive and stage palletized freight without buying or leasing equipment.
