Swan Lake Road Project

Recent Project Improvements Completed

Widening of Swan Lake Road to four lanes.

Completion of connecting road, Innovation Drive, connecting Airline Drive to Swan Lake Road.

Future Improvement Plans

Swan Lake Road - future path of the north-south thoroughfare

Currently it's just a path through the woods to help surveyors mark rights-of-way for the northern extension of Swan Lake Rd., but it marks the beginning of clearing and grubbing for the future path of the north-south thoroughfare.

Once completed, the north-south roadway will allow motorists to drive from LA Hwy. 162 to I-220 or into Bossier City. The goal is for the new Swan Lake Road to connect to Crouch Road and help alleviate the heavy traffic on Airline Drive and Benton Road.

Swan Lake is projected to be a future arterial road, with Airline being one already (via Highway 162 and Crouch Road all the way down to I-220 and I-20)

Proposed roads included above are not accurate of civil approved plans. The road line is meant to serve as a visual representation displaying the general vicinity of project objectives. For exact location of new roadways, contact the City of Bossier.
